Subject: DO NOT redistrict Simi Valley into LA County

Message Body:

Our school districts suffer enough hardship through Ventura, it'd be even WORSE if we became a part of LAUSD's incredible cuts. Keep Simi Valley OUT of LA County! We are happy being a part of Ventura.

Subject: Redistricting Maps

Message Body:

We do not want part of our city to be separated from the rest of our city. Simi Valley stands together in this and we don't want any division. We are part of Ventura County and want to stay part of Ventura County. We have more in common with Ventura County than with the Santa Clarita and Antelope Valley areas and we should be able to stay part of our county. Splitting us from the county will limit our voice in local issues and throw us with areas that are not geographically local to us. Please do not separate Simi Valley from Ventura County.

Subject: Simi Valley

Message Body:

Please keep Simi Valley part of Ventura county. Our City council manages to balance a budget every year on time, we have a beautiful committee and we as citizens work hard to keep it that way, unlike our LA county neighbors. Most of us will tell you we left LA county to escape all that is corrupt and overdrawn, including the air that they breathe, crime rates, and too many rules that govern nothing and no one. Leave us be, we like Ventura County for all it is and strives to be with our help.
