It would seem to be more balanced to pair Ventura with Santa Clarita. This pairing would have similar demographics. Unfortunately, Malibu does not seem to be a good fit. We don't want to be placed with a group that has little concern for agriculture and a population with a lower socio-economic base.

Thank you for listening to my concern.

Ventura and the surrounding areas are definitely not like LA. We do not want to be connected with the LA attitudes and activities. We are more in tune with the Santa Clarita area.

Keeping Thousand Oaks, Moorpark and Simi Valley connected to Santa Clarita in a Senate seat will keep inland valleys together and better represented. Historically, for over 30 years, these areas have been connected in a Senate seat. Please draw a district that will best represent us and link East Ventura County to Santa Clarita.

East Ventura Co. should continue to be linked with Santa Clarita, as the inner valley's are better represented together, than we would be if linked to the L.A. area.

Message Body:

Before you consider redistricting please consider that :

It is important to connect East County with Santa Clarita. Linking it to Malibu, Pacific Palisades and along the 101 corridor in the Valley goes against the public testimony you have received and direction you been given.

Keeping Thousand Oaks, Moorpark and Simi Valley connected to Santa Clarita in a Senate Seat will keep inland valleys together and better represented. Historically for over 30 years these areas have been connected in a Senate Seat, which has been beneficial for our area. there is no good reason to change.

Message Body:

Yesterday, the Redistricting Commission drew a Senate seat that included Thousand Oaks, Simi Valley and Moorpark together and whole. That seat, affected by other seats, can go one of two places: either can go to Santa Clarita or go to Encino, Malibu and Pacific Palisades. The maps were visualized taking us to the latter.

Linking us to Ventura Blvd and Malibu guarantees LA representation that is out of touch with our needs. Santa Clarita is a similar community that will share our interests- we've been connected to them in the Senate for over 30 years.

Please change the lines and link East Ventura County to Santa Clarita in the State Senate Seat.

Thank you.
