Distinguished Commissioners,

Thank you for your attention to the EVENT Senate District. The latest visualization partly addresses the concerns of citizens and public interest groups who have testified before you.

In your latest visualization you have removed Malibu and included part of Santa Clarita. That is an improvement, but there are surrounding coastal areas that remain in the district inappropriately.

Please consider removing the remaining coastal areas from the district, and including the entire city of Santa Clarita. This will address most of the issues raised over the last few weeks.

Thank you,  
Tim Snipes
