Dear Commission Members:

I just saw your latest version of the "MRCED" assembly district map. It was good before and now it does an even better job of keeping Latino and other minority communities together.

It truly reflects "Fair Representation – Democracy at Work" as I stated in my previous letter to you.

The hard work and diligence of the Commission members is very much appreciated.

Dear Commission Members:

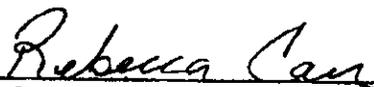

We just wanted to send you a quick followup to the letter we faxed you on July 18, 2011. As we mentioned in that letter, we support the Assembly maps the Commission drew for Stanislaus County.

We just saw your latest updates on line and like them even better! You've added more of our neighborhoods east of Highway 99 in Ceres and Southern Modesto and did an even better job maintaining our community in the MRCED assembly district version.

Thank you for your continued consideration to our comments.
