Dear CRC Members,

I [want to](#) thank you for your "MRCED" assembly visualization map from last week. At your Stockton hearing, I had asked you to keep your first draft maps [as](#) they are and you did.

I [have](#) lived in Turlock in Stanislaus County [for over 35 years](#) and [commute to](#) work every day in Modesto [and in](#) keeping Turlock with northern Modesto and the areas east of Highway 99, rather than into southern Modesto or Ceres, we [are](#) able to stay with communities more like [ours and address our needs more effectively](#) in Sacramento. Please do [not](#) make any changes to this visualization; it is good just like it is.

Sincerely,

Connie Slusser

Thank you for not changing anything on the MERCED assembly district map you drew the first time. I grew up in Hilmar, live in Escalon and work in Ceres in Stanislaus County. I really appreciate you keeping the Sierra communities and the valley communities in different districts and I hope you make this map your final one.

Rosemary Fernandes
