Subject: Don't Split Santa Cruz!

Message Body:

The citizens of the City and the County of Santa Cruz share many common interests. Any redistricting which artificially dilutes our bloc voting power is detrimental to an accurate representation of the views, indeed the very needs of a substantial number of citizens. Please do not split Santa Cruz.

Sincerely,
Janus Blume

Subject: One district, please

Message Body:

Please do not chop up Santa Cruz.
We are so small to be chopped in two.
Thanks.

Subject: Don't cut us in two

Message Body:

Hi. Santa Cruz is one of CA smallest cities and counties, please do not cut us in two.
It would be much too divisive.
We're just a great little community - way too small to cut up politically.

Subject: congressional redistricting

Message Body:

Dear Citizens redistricting commission I am writing to you because I have dicovered that you are recommending or looking at dividing up the city of Santa Cruz into two congressional areas that would be horrible for this entire area in which I live in it would be like making two different departments to represent one area. Ideas in what needs to happens for the residents which live as one group in support of one others needs to stay as a whole and not be diminshed. I hope you re-think this and leave the City of Santa Cruz in one Congressional seat so that the residents needs can be met in a more cost saving manner so we as tax payer dont have to pay staff cost in making are needs heard. I would also image this would save time to are local leaders in dealing with just one congressional representative. thank you for your time. I hope you leave Santa Cruz as a whole and not in two
