Dear Commissioners:

Thank you for listening to the testimony of the residents of Livermore, Dublin, and Pleasanton and keeping us together. We also greatly appreciate being kept inland and drawn in with San Jose. This redistricting is something that is near and dear to our hearts we feel compelled to tell you that we encourage you to adopt the new visualizations.

We completely were opposed to being linked with Hayward or the Tri-Cities. We testified numerous times that we did not want to cross the mountains and be linked with them. We thank you for listening to our testimony!

The new visualizations will make the residents of Livermore and the Tri Valley very happy. Most importantly, we are kept together. Equally importantly, we are linked with San Jose which we view as a hub of innovation. Our Livermore Labs have a lot in common with the capital of Silicon Valley.

We 100% support the new visualizations, and look forward to their final adoption. Thank you again for creating a Tri-Valley/San Jose district.

Sincerely,

Anthony Franks
