Dear Commissioners,

As life-long residents of Fremont (Niles area) we are very happy to learn of your decisions about our new revamped Congressional district map which you have designed and we want to thank you for listening to our suggestions.

We strongly support the new visualizations of the congressional map for the Tri-Cities area. We are very heartened by the new proposed Hayward/Fremont/Newark/Union City/Milpitas Congressional seat.

We fully support the proposal to have a district that includes Hayward, Union City, Fremont, Newark, and Milpitas. We are pleased that Fremont is rooted in an Alameda County-anchored district, respecting our history and institutions. The Commission and Q2 heard our call for one Congressional district -- we are deeply moved by your giving a voice to this community.

This map validates our belief in the citizen commission and the democratic process. By approving this map, the commission is giving voice to the Tri-Cities community. The Commission is putting citizen testimony first and foremost, and demonstrating that the perspective of "communities of interest" matter.

We look forward to supporting this map, and supporting more generally the Commission for their extraordinary work in being responsive to public testimony.

We hope that this will be the final map for the Tri City Area in an Alameda County district.

With our sincere appreciation,
Ruel and Mavis Brown
