Re: Citizens Redistricting Commission

Per \_\_\_\_\_

I'm writing today hoping that our district can be saved. I've lived in the same district all my life my Congressman is George Miller 7<sup>th</sup> district in Calif. I've learned that he's not just a good Congressman but a good friend the Labor also. Right now there are no jobs in our area but with our Congressman we hope to start some really good employment. There are alot of big work to start here but with out help I'm afraid they'll go else where if forced to separate our County alot of employment goes to George bring it home. City in out County on tax revenues to start coming in with the new business brought forth.

Please keep out County  
the Same

Henry R. Murray
