Subject: Bethel Island District

## Message Body:

Belthel Island, East Contra Costa County, with a population of about only 2500 to 3000 should be in the same district as the city of Oaklay. Bethel Island and Oakley should not be in a central valley district along with Stockton etc. There is little to none connection with the central valley. All connections are west, not east of where we live, work and play. Thank you.
