In any redistricting, Marin County should be grouped with Sonoma County the area of greatest affinity. Although San Francisco County adjoins Marin County, the two counties have little in common.

Subject: Marin County Districting

Message Body:

Hello Commissioners,

Thank you for taking the time to accomplish the most important task. Based on what I've seen and heard I would like the commission to keep Marin and Sonoma Counties together as a district for all elected offices. If the population count is too small then add sections of Southwestern Napa County to fill in the remaining numbers needed. This will insure that the needs of the district can be met without any Urban vs Suburb fighting within the district. Suburbs always lose those fights and with it their voice and vote.

Thanks again for your hard work on this,  
Walter Shank

Message Body:

I think that it is very important to keep Marin County and Sonoma county together in all redistricting. We in Marin are much more like Sonoma (INCLUDING SANTA ROSA) than we are San Francisco. We need representatives that will work for our suburban and agricultural interests. We are NOT URBAN.

Message Body:

I have lived in Marin County for over 50 years and see no reason why Marin should not be combined with part of San Francisco. San Francisco is the economic, political, and cultural center for Marin residents, particularly for those residing in the central and southern areas of Marin. State Senator Mark Leno currently serves Marin and San Francisco very effectively.

California Citizens Redistricting Commission -

You are doing great work, to get CA back to true democracy !

Marin's interests and concerns reflect those of the northern counties — not a major metropolitan area.

Please do not include San Francisco in Marin's boundaries.

Thanks,,

Tom Dicker
