Subject: district #s

Message Body:

I have a difficult time remembering my different district #'s, e.g. senate = 3 & assembly is 6 (I think). When you redraw the district lines can you consider making the #'s the same, e.g. my senate & assembly district # will both be 3 - thus making it easier on the constituents to remember when contacting their reps & voting. Please spend some of your time & \$ to educate the public on WHY you drew certain lines the way you did & the logic behind which # went to which district.

txs,

[redacted]
