Subject: del norte coastal districts thank you

Message Body:  
Thank you for understanding that it is important for Del Norte County to have representation as a Coastal Community, whose interests are aligned to our coastal resources. The health of our oceans and rivers and salmon fisheries and harbors deserve the unique attention and care that Coastal representation can give. Our social networks are strongly interconnected with other coastal communities. Inland agricultural communities do not have much in common with us. Our Klamath River suffers low water levels and poor water quality from the impacts of inland agricultural demands. Thank you for taking the time to understand our community.
