Subject: Redistricting - Splitting Glenn County

Message Body:

It is the understanding of the Hamilton City Fire Protection District that the proposed redistricting would split Glenn County into two congressional districts. Orland and Willows would be in one district and Hamilton City would be in another. As a special district, we are under the authority of the Board of Supervisors of Glenn County, plus all fire districts in Glenn County are under mutual aid agreements and have similar concerns. Splitting Glenn County into two districts would separate our common goals, concerns, and needs into two different districts. Also, we are working towards rebuilding our Levee which has serious problems. The entire county is involved in this process.

Please reconsider the plan and please include Glenn County into only one District.

Sincerely,

Nelson P Benton

Commissioner - Board Secretary

Hamilton City Fire Protection District

Subject: Redistricting

Message Body:

I would like to register my opposition to the breaking up of Glenn Co., especially cutting off Hamilton City. It makes no sense to me to dissect this county. The amount of population would make little difference to a new district that would mostly be tied to a metropolitan area. In addition Hamilton High has many families who come from Orland and the surrounding area due to the reputation of the school.

Please consider keeping this sparsely populated county together.

Thank you
