Message Body:

I moved to Lake County because of its strong community commitment. People here are as cash strapped as everyone else, but they have a longtime habit of supporting each other in positive and creative ways. Residents from all parts of the Lake County commute to jobs in Napa and Mendocino Counties. These commuters provide homes here and spend money here in Lake Co. Lake Co. residents' connection to the Napa County is exemplified in the burgeoning wine industrial connections between our two counties. The interests we need represented are supported by our having similar ones shared by Napa County. This should not be changed by a redrawn map. Few civic realities are working very well; this one is and should be left as is.
