Message Body:

we are part of the I-5 corridor community and we DO NOT want to be part of the coast. We have NOTHING in common with them and our representation will be diminished if we are put in their district.

Sincerely, Frieda Smith

I live in Shasta County and do not wish to have my county redistricted to the coast communities.

We should remain Shasta, Tehams, Siskiyou & Trinty Counties. I-5 is a much easier & safer route for our representatives to travel.

Please consider my request.

Norma Connick, Mayor Anderson, Ca.

Message Body:

I see that Shasta County has been designated to be linked with the coastal district. This is not a wise decision! We are psrt of the I-5 corridor and that affects our communities. We have very little in common with the costal communities and would not be represented appropriately. Please reconsider this link and put Shasta County with counties with whom we have common needs and intersts. Thank you for your attention to this matter.

why would you put Shasta County as part of the Coast? We are inland and part of the I-5 corridor and the interests of this geographical area. This needs to be reconsidered and Shasta County NOT become part of the coastal area

Redding is part of the I5 corridor
and many miles from the CA Pacific Coast. We are no way related to the
coastal folks. Please leave or put us in the CA valley district of Hiway I5 for for
Assembly/Senate/Congress.

Sincerely, Marj
