Message Body:

I was delighted to see that our home address in rural Winters, CA is grouped with the town of Winters and with Yolo County on all proposed maps. This is the first time in 25 years that we will be able to vote in the district in which we send our kids to school, volunteer, do business, and work! Thank you!

Subject: Appreciation

Message Body:

Dear members of the California Citizens Redistricting Commission,

I wish to express my appreciation for your process and your service on behalf of all Californians.

I was a supporter of Proposition 11 as a significant reform to improving how we govern ourselves. Your work has validated my support.

My own community - Yolo County - was not reflected in the first draft of proposed maps. Your process allowed us to organize, define our shared concerns and represent those to you in a public hearing. You balanced those concerns against those of other communities and your most recent maps largely reflect our community of interest.

I thank you for remaining open, thoughtful and responsive in your process. You have represented us well.

Best,

Susan Lovenburg
