To whom it may concern,

The lines that have been redrawn, east to west, in the north state will not work for the Agricultural Community. The complexity and differences weigh in heavily. This is not the time to make it much more difficult for the Ag Community to get heard on their very important issues. This country is on the brink of losing the ability to raise wholesome, quality food for this country and the world. We cannot compete on any shape or form now. My family has lived, worked and raised our kids in many areas of the northern counties. All four of our kids are ranchers or farmers and are facing the same issues that we face in trying to stay afloat in this very tough economy. Please reconsider your decision. Another blow or kick to the chest is just not warranted at this time. Sincerely,

Donna Harr
