DO NOT SPLIT HUNTINGTON BEACH!

I have lived in Huntington Beach for 44 years. I have worked for the largest employer (The Boeing Company) for over 25 years, over 20 of that in the Huntington Beach facility. Boeing is the largest employer in Huntington Beach and the second largest employer in Orange County. I am an active City citizen and member of the Chamber of Commerce.

I am very concerned about the redistricting impact to our City. Splitting Huntington Beach into two districts is a very bad idea. HB is a united city, with common goals, problems, and lifestyle. Splitting it essentially nullifies our identity. Please re-draw those lines so we as the 4th largest city in Orange County, get the representation we deserve.

Thank you.
