Dear Commissioners:

The Commission's Assembly visualizations of July 13th & 18th continue to split the Filipino American community in East National City between Assembly District SSAND and LMSAND, thereby substantially diluting their voting strength to access or elect a representative of their choice.

We respectfully ask that the Commission focus on drawing lines similar to the CAPAFR-MALDEF-AARC unity map by putting East National City in Assembly District LMSAND.

Dear Commissioners:

As a board member of the Filipino American Chamber of Commerce and its immediate past president, I find the Commission's Assembly visualizations of July 13th & 18th to be unacceptable. It continues to split the Filipino American community in East National City between Assembly District SSAND and LMSAND. This substantially dilutes their voting strength to access or elect a representative of their choice.

The Commission should draw lines similar to the CAPAFR-MALDEF-AARC unity map by putting East National City in Assembly District LMSAND. The unity map keeps Filipino American community institutions in eastern National City together with API community members from National City, Paradise Hills, Alta Vista, Bay Terrace, Bonita and East Chula Vista who rely on those institutions for key services. There are hundreds of frequented Filipino American organizations and businesses in that area.

Re: Comments on 7.13.11 Assembly District Visualization for National City

Dear Commissioners:

The Commission's Assembly and Senate maps split the Filipino American community in East National City, thereby substantially reducing their voting strength to elect representatives of their choice over the next ten years.

We respectfully ask that the Commission focus on drawing lines similar to the CAPAFR-MALDEF-AARC unity maps for East National City for both Assembly LMSAND and Senate CSAND. The unity maps keep Fil-Am community institutions in eastern National City together with API community members from National City, Paradise Hills, Alta Vista, Bay Terrace, Bonita and East Chula Vista who rely on those institutions for key services.

Some of those frequented Filipino American institutions include, but are not limited to, the following:
