Fair Oaks has much more in common with its neighboring communities of Carmichael, Citrus Heights, and Rancho Cordova. We are not in a "community of interest" with Roseville, Rocklin, Loomis and Lincoln.

- Fair Oaks is represented by the Sacramento County Board of Supervisors, and served by the San Juan School District and SMUD. We are served by no Placer County agencies.
- Fair Oaks is distant from Placer County, unlike the other Sacramento County communities the Commission has drawn into the Placer assembly seat. (Folsom and Orangevale both sit on the Placer County border and therefore could be seen as having more in common.)
- Fair Oaks residents travel Highway 50. We take Highway 50 or light rail to jobs downtown.
- Fair Oaks shares common interests with the American River Parkway communities.
- The Commission drew a Congressional district that keeps Fair Oaks with the rest of Sacramento County, determining that is our appropriate "community of interest". There is no reason to put us in a different area in the Assembly maps.

Hi! I have lived in Fair Oaks since 1988 and I am a member of the Sacramento County community. I do NOT want to be redistricted into Placer County, where we have nothing in common. Where we do belong is where we are - Sacramento County - stop trying to gerrymander elections by redistricting us. We belong in the Eastern Sacramento County Assembly District

because

- Fair Oaks has much more in common with its neighboring communities of Carmichael, Citrus Heights, and Rancho Cordova. We are not in a "community of interest" with Roseville, Rocklin, Loomis and Lincoln.

Failure to keep Fair Oaks in eastern Sacramento County will certainly cause me to work very hard to get you out of office.

Hello

Having been a member of the Fair Oaks community for over 22 years, raising a family here, and participating in community volunteer efforts, I see no reason to redistrict the community of Fair Oaks , for the following reasons:

- Fair Oaks has much more in common with its neighboring communities of Carmichael, Citrus Heights, and Rancho Cordova. We are not in a "community of interest" with Roseville, Rocklin, Loomis and Lincoln.
- Fair Oaks is represented by the Sacramento County Board of Supervisors, and served by the San Juan School District and SMUD. We are served by no Placer County agencies.

We are longtime residents of Fair Oaks and believe that Fair Oaks should remain in the Eastern Sacramento County Assembly District. Our request is based on these and other compelling reasons:

Fair Oaks should be in the Eastern Sacramento County Assembly District because

- Fair Oaks has much more in common with its neighboring communities of Carmichael, Citrus Heights, and Rancho Cordova . We are not in a "community of interest" with Roseville , Rocklin, Loomis and Lincoln .
- Fair Oaks is represented by the Sacramento County Board of Supervisors, and served by the San Juan School District and SMUD. We are served by no Placer County agencies.
- Fair Oaks is distant from Placer County , unlike the other Sacramento County communities the Commission has drawn into the Placer assembly seat. (Folsom and Orangevale both sit on the Placer County border and therefore could be seen as having more in common.)
- Fair Oaks residents travel Highway 50. We take Highway 50 or light rail to jobs downtown.
- Fair Oaks shares common interests with the American River Parkway communities.
- The Commission drew a Congressional district that keeps Fair Oaks with the rest of Sacramento County, determining that is our appropriate "community of interest". There is no reason to put us in a different area in the Assembly maps. We believe the reasons set forth above are undeniable and ask that the Redistricting Commission honor our "community of interest" and keep Fair Oaks in the Eastern Sacramento County Assembly District.

Sincerely,
Kenneth & Lynn Cacciari Steen

Subject: Fair Oaks should be in the Eastern Sacramento Co Assembly District

Message Body:

My name is Alexandra Pitts. I have lived in Fair Oaks for the last 7 years. I work in Sacramento Co, my husband works in Davis, I have 1 child in the San Juan School District and 2 at the Sacramento Waldorf School in Fair Oaks.

I feel strongly that Fair Oaks should be in the Eastern Sacramento Co Assembly District. Fair Oaks has much more in common with our neighboring communities of Carmichael, Citrus Heights, and Rancho Cordova. I drive through these communities everyday and shop in them weekly. Fair Oaks is not "community of interest" with Roseville, Rocklin, Loomis and Lincoln. It is a community of interest with the other American River Parkway communities.

In addition, Fair Oaks is represented by the Sacramento County Board of Supervisors, and served by the San Juan School District and SMUD. We are served by no Placer County agencies.

Fair Oaks doesn't share a border with Placer County, unlike the other Sacramento County communities the Commission has drawn into the Placer assembly seat.

As a Fair Oaks residents, my husband and I travel Highway 50 or Sacramento Co. surface streets to our jobs in Sacramento and Davis

After hearing from Fair Oaks residents once, The Commission drew a Congressional district that keeps Fair Oaks with the rest of Sacramento County, determining that is our appropriate "community of interest". There is no reason to put us in a different area in the Assembly maps.

Thank you for taking my comments.

Subject: Redistricting proposal for Fair Oaks

Message Body:

I am EXTREMELY upset at the proposal to put Fair Oaks into a Placer County Assembly district. I have lived in Fair Oaks for 35 years. I am a Sacramento County resident and my interests lie in Sacramento County. Further, if you were to put Fair Oaks in any other district, it would be with El Dorado County, which is only 10 minutes from me. Placer County is worlds away--I must be 30 miles from Auburn and have not even been there in many years! However, I am in Rancho Cordova, a 2-minute drive from my home, nearly every day. Please consider the following:

--Fair Oaks has much more in common with its neighboring communities of Carmichael, Citrus Heights, and Rancho Cordova. We are not even remotely in a "community of interest" with Roseville, Rocklin, Loomis and Lincoln.

--Fair Oaks is represented by the Sacramento County Board of Supervisors, and served by the San Juan School District and SMUD. We are served by NO Placer County agencies--and never will be.

--Fair Oaks is VERY distant from Placer County, unlike the other Sacramento County communities the Commission has drawn into the Placer assembly seat. We do not even border that county.

--Like other Fair Oaks residents, I travel Highway 50. I take Highway 50 or light rail to my projects in downtown Sacramento.

--I live in the Bluffs, right on the bike trail. Fair Oaks shares common interests with the American River Parkway communities.

--The Commission drew a Congressional district that keeps Fair Oaks with the rest of Sacramento County, determining that is our appropriate "community of interest". There is no reason to put us in a different area in the Assembly maps.

To Whom It May Concern:

My name is Sandra Smoley and I was a Sacramento County Supervisor for 20 years. I've lived in Fair Oaks for more than 20 years also.

Fair Oaks should not be in a district where Sacramento County residents make up only 20% of the voters. The vast majority of voters will have Placer County priorities, which are much different than ours.

Fair Oaks should be in the Eastern Sacramento County Assembly District

- Fair Oaks is served by the San Juan School District and SMUD. We are not under any Placer County agencies. Fair Oaks is also represented by the Sacramento County Board of Supervisors, not Placer County.

- Fair Oaks does not share a border with Placer County, unlike Folsom and Orangevale and is actually quite distant from Placer County. We have much more in common with Carmichael, Citrus Heights and Rancho Cordova. We are not in a "community of interest" with Roseville, Rocklin, Loomis and Lincoln.

- Fair Oaks residents travel Highway 50. We take Highway 50 or light rail to jobs downtown.

- Fair Oaks shares common interests with the American River Parkway communities.

- The Commission drew a Congressional district that keeps Fair Oaks with the rest of Sacramento County, determining that is our appropriate "community of interest".

This is my 2nd request to you that Fair Oaks remain in Sacramento County. It makes no sense and is unfair to residents to redistrict into Placer County where our voices will not be heard and is a very different community and culture.
