Dear Members of the Citizens Redistricting Commission,

As a resident of the City of Orange, I want to thank you for your service and your attention to the needs of local communities. I have watched you struggle with how to handle our city and our desire to be kept whole inside a single congressional district.

Our city is unique. Unlike Santa Ana, which is the government seat for Orange County, or Anaheim, which has become a 24 hour tourist destination, Orange is mostly a community of quiet neighborhoods and small businesses. Putting Orange into a congressional district with Santa Ana and Anaheim would serve to minimize our voice and our ability to receive attentive representation. Therefore, it is our desire to be linked with other similar neighborhoods and smaller communities, such as Anaheim Hills, Tustin Hills and Tustin. This will allow us to work with communities of similar interests and not be dominated by much larger or more influential cities of Santa Ana and Anaheim.

Thank you again for your service.

Sincerely,

Barry and Joan Willett

**RE: Orange County State Legislative and Congressional Boundary Maps**

Dear Commissioners:

As President of the Orange County Association of REALTORS®, an organization that represents nearly 10,000 REALTOR® members and 400 affiliate members (who either own or are involved in real-estate related businesses), I am writing to voice the following concerns with regard to the current set of redistricting maps for California:

- The **City of Orange** should only be represented by one congressional district. It is a small city which has interests in common with neighboring cities Tustin and Villa Park – not Santa Ana.
- **Coto de Caza** should not be split into two congressional districts. It too is a small neighborhood that would be effectively disenfranchised were it divided in two.
- The **City of Fountain Valley** should be grouped with Huntington Beach in all legislative boundaries, including congressional and assembly districts. These two cities share a long history and benefit from contiguous representation.
- The latest **Board of Equalization** maps do not make sense. The counties of Orange, San Diego, Imperial, San Bernardino and Riverside should be grouped together, while Los Angeles has its own BOE district.

Thank you for your commitment to developing the fairest possible electoral boundaries across California.

Sincerely,

Jean Tietgen, PMN, SFR, SRES  
President

Dear Members of the Citizen's Redistricting Commission,

I am a resident of the City of Orange and am appreciative of your service to the local communities.

Orange is mostly a community of small businesses and quiet neighborhoods, not at all like Santa Ana , the government seat of Orange County or Anaheim , a bustling tourist destination. Putting Orange in a congressional district with Santa Ana and Anaheim would diminish our voice and our ability to receive representation. For this reason it is our desire to be linked with similar, smaller communities and neighborhoods, namely Villa Park, Anaheim Hills, Tustin Hills and Tustin . They have similar interests and we would not be dominated by the much larger, more influential cities of Santa Ana and Anaheim .

I would encourage you to consider the "Orange Plan" as submitted by members of the Orange City Council while looking at where to draw the district lines.

Thank you for your service and your consideration.

Sincerely,

Dorothy Sidfrid
