Subject: PLEASE CHANGE THE LATEST CONGRESSIONAL MAP BOUNDARY WHICH DIVIDES THE COMMUNITY OF VALLEY VILLAGE CALIFORNIA.

Message Body:
I live in Valley Village, located in Los Angeles, California. I am very concerned that the new map proposed earlier this week will divide Valley Village into two parts. Please redraw the line so that it follows the 170 Freeway and keeps the 25,000 stakeholders in Valley Village in one congressional district.

Message Body:
I am a Board member with the Neighborhood Council, Valley Village in the San Fernando Valley. We are very concerned that the proposed Congressional boundary lines will split our community in two and request that the boundary on the east side of Valley Village be moved a little further east to the Hollywood Freeway (State Route 170).

Sincerely,

Marc Woersching

Subject: Please change the latest Congressional map boundary dividing the community of Valley Village, CA

Message Body:
I live in Valley Village, located in Los Angeles, CA. The most recent proposed map separates my household (as well as a about a hundred others of my neighbors) from the rest of my Valley Village community. Please REDRAW THE LINE so that it follows the 170 Freeway, and keeps the 25,00 stakeholders in Valley Village in one congressional district. Thank you.

I am a resident of Valley Village in Los Angeles County. I want you to know that I strongly oppose the most recent redistricting map of our area because it differs significantly from the first draft which we approved and now divides our community into two separate districts. Please redraw the map to reflect the 170 Freeway as the Eastern boundary NOT Colfax Avenue. Thank you, sincerely, Suzanne Schmidtke, [redacted], Valley Village, CA 91607

Hello, we live in Valley Village (located in Los Angeles). The new map proposed earlier this week will divide Valley Village into two parts. Please redraw the line so that it follows the 170 Freeway and keeps the 25,000 Valley Village stakeholders in one congressional district. Right now, you are actually cutting off our private park (Valley Village park) and other residents. The actual lines you should be following are listed here in our local community website. http://www.myvalleyvillage.com/boundaries.php

If you do not live or frequent here and only based the outlines on zip codes, it might look as you have it. However, that is not the way the area actually works especially considering the freeway cutoff. Please make this change. Thank you.
