To: [REDACTED]

Hello, I live in Valley Village (located in Los Angeles). The new map proposed earlier this week will divide Valley Village into two parts. Please redraw the line so that it follows the 170 Freeway and keeps the 25,000 Valley Village stakeholders in one congressional district. Right now, you are actually cutting off our private park (Valley Village Park) and many other residents. The actual lines you should be following are listed here in our local community website. <http://www.myvalleyvillage.com/boundaries.php>

If you do not live or frequent here and only base the outlines on zip codes, it might look as you have it. However, that is not the way the area actually works especially considering the freeway cutoff.

Please make this change immediately.

& nbsp;

Thank you.

Pamela S Meyers

I have lived at my home - in Valley Village for 25 years. It is most important that you re-draw your map at the 170 freeway and include our beautiful Valley Village Park. We have worked very hard at beautifying our homes with great pride as a Valley Village homeowner!!! Most everyone in our neighborhood posts signs on their front lawns - Proud Member of Valley Village Association!!!

Please make this change - it's very important to us homeowners!

Thank you,

Wynnie Wynn

To: "[REDACTED]" <[REDACTED]>

CC: Michael Manson <[REDACTED]> Valley Village ha <[REDACTED]>

PLEASE, PLEASE, PLEASE change the latest congressional map boundary which divides the community of valley village California!

My family lives in the Valley Village location and I am very concerned that the new map proposed will divide Valley Village into two parts. Please redraw the line so that it follows the 170 freeway and keeps the 25,000 stakeholders in Valley Village in one congressional district!

My daughter attends Colfax elementary school along with many other families East of Colfax. This is a wonderful community held together by the school and the Valley Village association. We all attend the 4th of July parade, the Colfax World Fair and we all frequent the Valley Village Park located on Westpark Dr. When I bought my house 2 years ago, I made an investment in an area that has a wonderful neighborhood community. In the middle of a huge metropolis called Los Angeles, we found an area where we could commute to work, have the cultural benefits of a big city *and* have that small community feeling of an active-family-friendly neighborhood. We found that in Valley Village. Please keep us together!!!

The families of Colfax Elementary should not be divided into an separate congressional districts.

Thank you!

To: [REDACTED]

I live in Valley Village, CA. It is a very small (by LA standards) place and tight-knit. I understand how a very large community might have to split up to meet political quotas, but dividing up such a small place makes no sense and actually will do harm to our representation and community goals. Please redraw the line so that it follows the 170 Freeway and keeps the 25,000 stakeholders in Valley Village in one congressional district. Don't divide our community!

Thank you,

Mark Indig

Message Body:

I am a resident of Valley Village, CA 91601 and oppose the most recent redistricting map. This will divide our community in half. The purpose of the redistricting boundaries is to keep the community whole.

Therefore, please redraw the line so that it follows the 170 freeway and keeps the 25,000 stakeholders in Valley Village in one congressional district.

Thank you,

Bonnie Schwartz

Message Body:

Your latest map divides the small community of Valley Village between two Congressional Districts.

You show the eastern border of Valley Village as Colfax Avenue. That is wrong. The Hollywood Freeway (170) should form the eastern boundary.

Splitting this small community between two CDs is unacceptable and will diminish the unity we feel on all the issues affecting us.

Sincerely,
Paul Hatfield
Board Member, Neighborhood Council Valley Village
