Dear representatives,

My name is Anki Sjolund and I am sending this email to ask you for a favor. I want to ask you to please help us in Westchester be aligned with the South Bay Cities and not put us with the cities east of us which have vastly different concerns than we do. I have lived in Westchester since 2001 and feel strongly that the community of Westchester/Playa del Rey/Playa Vista should be in the same district as the South Bay Cities. First of all, Westchester/Playa del Rey have always been considered one community and are recognized as such by the city of Los Angeles. We share churches, schools, shopping areas and have the same concerns for our community.

We need to be able to vote for the issues that concern us. This would mean aligning us with the South Bay Cities. We are all concerned about the same transportation issues, LAX, and coastal/environmental issues, just to name a few.

In conclusion, we share vastly more with the South Bay Cities than we do with the cities to the east of Westchester, with whom we are currently aligned.

Please make this right for our community.

Sincerely,
Anki Sjolund

Dear Committee Members and Other Interested Parties,

It has come to my attention that governmental district lines are currently being reassessed. As a resident of the Los Angeles community of Westchester, I am writing to request that the communities of Westchester/Playa del Rey/Playa Vista be recognized as a combined community, and that we be counted as part of the same congressional district as the South Bay Cities. The community of Westchester/Playa del Rey/Playa Vista is currently recognized as such by the City of Los Angeles, because due to our close proximity to each other, LAX, and the coastal area, we share a multitude of common interests and social/economic concerns. Further, the concerns of our community – transportation, airport expansion, community development, coastal environmental - are much more in alignment with those of the South Bay Communities, rather than communities east of us such as Inglewood, Compton, Lennox, Gardena, South Central, West Athens, Westmont and Florence-Graham. We feel strongly that our interests and concerns will be better represented if we are included in the same congressional district as the South Bay Cities, and respectfully ask you to consider the wishes of the members of our community, as you consider this matter.

Thank you for your attention to this request, and for your time and service to our communities.

To Whom it may concern:

It has come to my attention that politicians are drafting maps to redistrict Westchester with cities to the east. As a member of the Westchester community, I do not feel that this is in the best interest of our community for the following reasons:

- 1) Our community is Westchester, Playa del Rey and Playa Vista which are recognized by the City of Los Angeles and should remain in the same district.
- 2) We share common interests with the South Bay Cities and should be included with them.

Westcher does not share too much in common with the cities to the east. Communities of interest, share common interests and concerns. Logistically, it is obvious that Westchester would have more common interests with the South Bay Cities. We share common transportation issues, LAX issues as well as coastal/environmental issues. Based on the above, the redistricting of Westchester would not be in the best interest of it's residents.

RE: redistricting and Westchester, between Sepulveda Bl and Lincoln Blvd.

Please add my name to the list of supporters for a unified Westchester/Playa/South Bay.

I ask that your organization recognize

1) our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by the City of Los Angeles and should remain in the same districts, and

2) *that we share common interests with the South Bay Cities and should be included with them. We do not share much in common with the cities to the east.

Many Westchester residents, myself included, grew up in the South Bay ('Ray's Flying A Gas Station' on Artesia Blvd in Redondo Beach) and commute almost daily to the South Bay - Redondo/Manhattan Beach/Hermosa/Torrance - for medical, business and personal reasons*.

(*I shop and do business almost every day in El Segundo and Manhattan Beach. My mother and family live in the South Bay.

I attended Bishop Montgomery HS in Torrance, El Camino College in Torrance, and Our Lady of Guadalupe grade school in Hermosa Beach.

I encourage tourists to visit Manhattan Beach instead of Santa Monica because it is family-friendly and safe.)

Westchester shares more similarities with the South Bay than Inglewood.

1-Inglewood's needs and issues are vastly different from Westchester/Playa, and take priority with the City of LA.

2-Historically Inglewood always had gang issues (Crips and Bloods in the '70s-'90s-??), and the South Bay, including Westchester, does not.

3-Our neighborhood issues compete inadequately with Inglewood's for Maxine Waters' attention (although she is a fine administrator). Consequently, our needs are not addressed.

4-It is our right to have adequate representation and be grouped with neighborhoods of similar conformity.

Please add my name to the list of supporters for a unified Westchester/Playa/South Bay.

Thank you.

Sincerely,

To Whom It May Concern,

You must include Westchester as a South Bay city! Please recognize that our community is Westchester/Playa del Rey/Playa Vista and it is recognized as such by the City of Los Angeles. We also share common interests with the South Bay Cities and should be included with them -- our community interests are similar as we share transportation issues, LAX issues and coastal/environmental issues. We do not share much in common with the cities to the east we are currently aligned with in Inglewood, Compton, Lennox, Gardena, South Central, West Athens, Westmont and Florence-Graham in the 35th Congressional District.

Please consider my concerns in your next vote!

To: [REDACTED]

Ladies and Gentlemen:

This morning my neighbors informed me that you are considering the issue of where to place my community of Westchester for purposes of redistricting. I would respectfully urge you to include Westchester with its fellow coastal communities of the South Bay. Our community shares vastly more in common with these populations, and, considered as a Community of Interest, it belongs there—rather than with the inland communities of Inglewood, Gardena, South Central, West Athens et al. that it is currently proposed to join for purposes of legislative representation.

Our community—as recognized by the City of Los Angeles—is Westchester/Playa del Rey/Playa Vista. I identify myself as a member of the community of Westchester/Playa del Rey/Playa Vista. My business and personal life is conducted there, not in the inland communities. Our commercial, transportation and environmental issues are more similar to the other coastal communities of the South Bay than they are to any other region.

Westchester is also the home of Los Angeles International Airport—and, while LAX affects the entire region of Southern California, there are numerous specific local concerns and issues surrounding it. These concerns are shared much more directly by the coastal/South Bay communities than by those inland.

To group our community with others located inland, as is currently under consideration, would be to continue a politically unwieldy association which does not accurately reflect the divergent concerns of the population. It would invite continued conflict at the level of representation, and it would unfairly disadvantage both myself and my neighbors *and* the members of those inland communities with whom we would be thrown together.

Thank you for your serious consideration of this matter, and for your service to the region and to the State of California.

Sincerely yours,

Lee Sanders

Dear Members of the Committee and Other Interested Parties,

As a resident of the Los Angeles community of Westchester (and previously of Playa del Rey), I am writing to request that you recognize the communities of Westchester/Playa del Rey/Playa Vista should be combined in the same congressional district as the South Bay Cities. Please understand that: (1) our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by the City of Los Angeles and should remain in the same districts, and (2) we share a multitude of common interests and social/economic concerns with the South Bay Cities (such as transportation issues, LAX issues, and coastal/environmental issues) and should be included with them.

Our beach cites are connected in line with how & where we live, shop, travel, play sports and attend school. For example, El Segundo has been marketing its public schools to Westchester and Playa del Rey. Our kids play sports in leagues tthat include South Bay cities and Westchester/Playa del Rey/Playa Vista. Westchester residents shop at the Manhattan Beach and South Coast Plaza malls.

We are truly a community of interest in a way that should not be ignored by random "fingers" spread out from neighboring areas which most residents of Westchester/Playa del Rey/Playa Vista rarely interact with.

We do not share much in common with the cities to the east and therefore should not be included in the same congressional district(s) as those cities. Thank you for your consideration of and attention to this matter.

As a long-term resident of the Los Angeles community of Playa del rey, I am writing to request that you recognize the communities of Westchester/Playa del Rey/Playa Vista should be combined in the same congressional district as the South Bay Cities.

Please understand that:

- (3) We do not share much in common with the cities to the east and therefore should not be included in the same congressional district(s) as those cities.

As a beach community who shares our neighborhood with powerful neighbors (LAX, CHEVRON, HYPERION) we need to be within the same congressional group. We have very different geography from the neighborhoods of Inglewood, Lennox and Compton. We are bordered by the ocean, the wetlands and LAX and we need to be grouped together with communities that understand and share these critical geographical elements.

PLEASE MAKE SURE PDR IS COMBINED TOGETHER WITH WESTCHESTER, PLAYA VISTA AND THE SOUTH BAY CITIES; EL SEGUNDO, MANHATTAN BEACH AND HERMOSA.

We should NOT be combined together with Inglewood, Lennox and Compton. We need to be grouped together with the beach communities.

Please understand that: (1) our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by the City of Los Angeles and should remain in the same districts, and (2) we share a multitude of common interests and concerns with the South Bay Cities (such as transportation issues, LAX issues, and coastal/environmental issues) and should be included with them. We do not share much in common with the cities to the east and therefore should not be included in the same congressional district(s) as those cities. Thank you for your consideration of and attention to this matter.

Citizens Redistricting Commission

To whom it may concern,

As a Westchester property and business owner I am very concerned with the current redistricting effort. For as many years as I can remember our community has been strictly aligned with the other South Bay Beach Cities.

Our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by; the City of Los Angeles, the Neighborhood Council and Chamber of Commerce, and should remain in the same districts that we share common interests with, those being the South Bay Cities.

Those common interests and concerns that we share are: transportation issues, LAX issues, coastal/environmental issues, our local youth sports teams/programs and other community organizations too numerous to mention. We do not share those same bonds with the cities to the east.

So please take into consideration our right to be as fairly represented the Federal level as we are locally.

Thank you for your time and consideration in this vitally important matter.

Kind regards,

Danielle Morris

I agree with the following and feel that we are more alligned with the South Bay Cities and have more of the same common interests with them then we do with the cities to the East of us in the 35th district. We should be linked with the South Bay Cities.

To the Members of the Committee, We as residents of Westchester request that you recognize the communities of Westchester/PlayaDel Rey/Playa Vista be combined in the same congressional district with the South Bay Cities. We share more of the same interests, ideas about Lax expansion, transportation issues and the enviroment. I dont see how Compton and Gardena are worried about Lax expanding into our backyards.
