To the comity

I am asking you to recognize that our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by the City of Los Angeles and should remain in the same district. We share common interests and concerns with the South Bay Cities, such as LAX issues, coastal/environmental issues and should be included with them. We share far more with the Beach Community's than we do with the cities that we have been placed with for years. This is a great opportunity to right the wrong.

thank you

John Baer

We recently learned about the plan to take Westchester away from beach city communities like Playa del Rey and Playa Vista and align it with cities to the East. That is ridiculous and we are very upset and concerned about this plan. Our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by the City of [Los Angeles](#) and should remain in the same districts. We share far more common interests with the South Bay Cities and should be included with them, things like transportation, LAX issues, coastal/environment issues and more. We do not share much in common with the cities to the East.

As LMU alumni and over 20 year residents of Westchester, we urge you to keep us aligned with our beach city neighbors. It really makes NO sense to place Westchester with the cities to the East. That would be a HUGE disservice to this wonderful community and we hope you recognize that.

Thank you,  
Jodi and Brian Clancy

Dear Members of the Committee and Other Interested Parties,

As a resident of the Los Angeles community of Westchester, I am writing to request that you recognize the communities of Westchester/Playa del Rey/Playa Vista should be combined in the same congressional district as the South Bay Cities. Please understand that: (1) our community is Westchester/Playa del Rey/Playa Vista and is recognized as such by the City of Los Angeles and should remain in the same districts, and (2) we share a multitude of common interests and concerns with the South Bay Cities (such as transportation issues, LAX issues, and coastal/environmental issues) and should be included with them. We do not share much in common with the cities to the east and therefore should not be included in the same congressional district(s) as those cities. Thank you for your consideration of and attention to this matter.

Cynthia Popp
