

Subject: District 33 for Westchester

From: Karl Altergott <[REDACTED]>

Date: Fri, 29 Jul 2011 13:14:48 -0700

To: <[REDACTED]>

My name is Karl Altergott and I live at [REDACTED] Los Angeles CA 90045.

Keeping Westchester in District 43 and not moving us to District 33 is a mistake. My community needs representation and we are not getting it. Please move us to District 33!!!

Respectfully submitted,
Karl Altergott

Subject: Westchester should be re-districted with Beach Cities

From: "Dan" <[REDACTED]>

To: <[REDACTED]>

Hello,

Westchester should be redistricted with the Beach Cities. Our **communities of interest with the South Bay** are many. The transportation issues, the coastal and environmental issues, Westchester/Playa has issues with historic and potential footprint expansion that threaten homes and our business community. Our issues are similar to those of El Segundo, not Inglewood.

Redistricting reasons should be to better serve those living in similar community environments and challenges and not a focus on straight out politics to make sure political parties maintain majority and/or existing political seats are maintained by career politicians. Think about the people you are representing and make the best decision – for the people.

Dear Citizens Redistricting Commission,

I am a current resident of the Palos Verdes Peninsula. I previously lived in Redondo Beach for 8 years.

As a citizen of a democratic republic I respectfully ask you to draw the district lines so that my vote elects a representative with the values and interests of my community.

Please draw the congressional district lines as well as the state senate lines to keep the Palos Verdes Peninsula cities, Westchester, El Segundo, Torrance, Redondo Beach, Torrance, Manhattan Beach , and Hermosa Beach communities together. They share common boundaries, are geographically proximate, and contain citizens who earn a living in local industries and services.

Please keep the areas west of the 110 and south of the 105 together.

Please keep the beach cities, Torrance and the Palos Verdes citeis together and let us debate and negotiate our interests in the legislature rather than not get a chance to elect representatives to voice our views.

What makes this country strong and able to strike the balance we need at the state and federal level is having our representatives argue multiple points of view of their communities of interest in the legislatures.

As members of the California Citizens Redistricting Commission I understand you have a duty to uphold the Voting Rights Act as well as keeping communities of interest together. While complying with the voting rights act, please consider that law's intent that was to enable representation for all, minorites and majorities. It does not serve the interest of this nation if we do not have fair debates in the legislature between different communities of citizens who have competing

Please keep the beach cities, Torrance, westchester and the Palos Ve...

interests.

Very respectfully,

C D Chamis
