You must change the maps for the 31st and 35th congressional district. The commission has violated the Voters Right Act by diluting the majority of Latinos in the Congressional 31st district by moving most of Fontana to the 35th CD. Attached is a logical adjustment which you must accept to stay legal and honor communities of interest.

Adjust the Final Draft of CD31 and CD35 of San Bernardino County

- Protects more cities under the Voting Rights Act
- Preserves and unites more Communities of Interest
- Eliminates Contiguity Issues
- Adjustments do not affect the rest of the Congressional Maps

Move Upland and Rancho Cucamonga
from SB to ONTPM 209,941 people.

Move Part of Fontana, remainder
of Rialto, and all of Bloomington
from ONTPM to SB

Switch of 209,941 people

To the California Citizens Redistricting Commission:

You have come a long way since you first held your meeting in the Inland Empire, but we need you to go a bit further.

I am in support of the City of Rialto and our residents to keep it whole and united in one congressional district. I supported the First Draft and am opposing the Final Draft.

I support the attached map that will allow Rialto a unified voice at the federal level, while protecting minority cities of Rialto, Colton, San Bernardino, and the community of Muscoy under the Voting Rights Act. You will find that this simple adjustment goes a long way in creating compact districts that are contiguous and keep our communities of interest intact.

Thank you.

Commissioners

The first draft of Congressional maps in San Bernardino County showed evidence that testimony from the community was listened to. Communities of Interest were combined in a manner to allow their vote to make a difference in gaining representation. We are surprised by the new final drafts drawn by your commission. Our communities of interest are diluted both by race (Latinos) and socioeconomic levels. Please reconsider the boundaries to better represent our natural communities.

Attached is a copy of a map with the more natural lines for the 31st and 35 Congressional Districts.

Thank you,

Ron Wall
