Subject: Removal of Congressman Lewis from our area

Message Body:

To The Commission

I would like to voice my concern over removing Congressman Lewis from the Cities of Apple Valley, Hesperia. I think that this move is not advantageous to the people of Apple Valley and Hesperia. I have worked with Congressman Lewis and his Staffs both in Redlands and Washington with excellent results.

I am totally disabled Veteran and I help people in this area get their deserved disabilities and this is by following the proper channels and getting the help from Congressman Lewis' Staff and i have been able to overturn over 2 dozen cases that had previously been denied and with the help of his staffs the people are now receiving the deserved disability that they earned. I spent 26 years with the United States Air Force and I dealt with alot of Congressional staffs but i have never gotten the support and assistance like i have from Congressman Lewis' Staffs.

Removing him from this area would be a very bad decision as the people in this area would be the ones to suffer and this redistricting is suppose to be for the best support for all the people in the State but we would lose the support that we have been so accustom to their knowledge and also great working relationship there is betwee his offices and myself.

We are kind of the StepChildren of the Government and i think this would make it seem even more so if we lose the support from Congressman Lewis.

I hope that you will reconsider moving Congressman Lewis from our area and we would need to find another Congressman to help the people of the High Desert.

Thank You

Eugene H. Doucett, MSgt, USAF, Ret.

Subject: Re-districting;

Message Body:

As long as the rules are applied to the design, I do not have a problem in the division of the districts. The most important of those rules, as they apply specifically to the mountain communities are:

Each district shall consist of contiguous territory and be as compact as possible given the total criteria.

Each district shall respect communities of interest to the degree possible given the total criteria.

District borders shall follow visible natural and man-made geographical and topographical features to the degree possible given the total criteria.

Each new district shall preserve the corresponding existing district's population and territory to the degree possible given the total criteria.

It is understood that districts known to be areas of higher-than-average population growth in the years following redistricting may become under-populated over time.

Subject: Redistricting Adjustment Needed-Commission Violation of Voters Right Act

From: Barbara Flores <[REDACTED]>

Date: Fri, 5 Aug 2011 10:36:05 -0700 (PDT)

To: [REDACTED]

Dear Commission on Redistricting:

As a voter and citizen, you must change the maps for the 31st and 35th congressional district. The commission has violated the Voters Right Act by diluting the majority of Latinos in the Congressional 31st district by moving most of Fontana to the 35th CD. Attached is a logical adjustment which you must accept to stay legal and honor communities of interest.

Thank you,

Dr. Barbara M. Flores

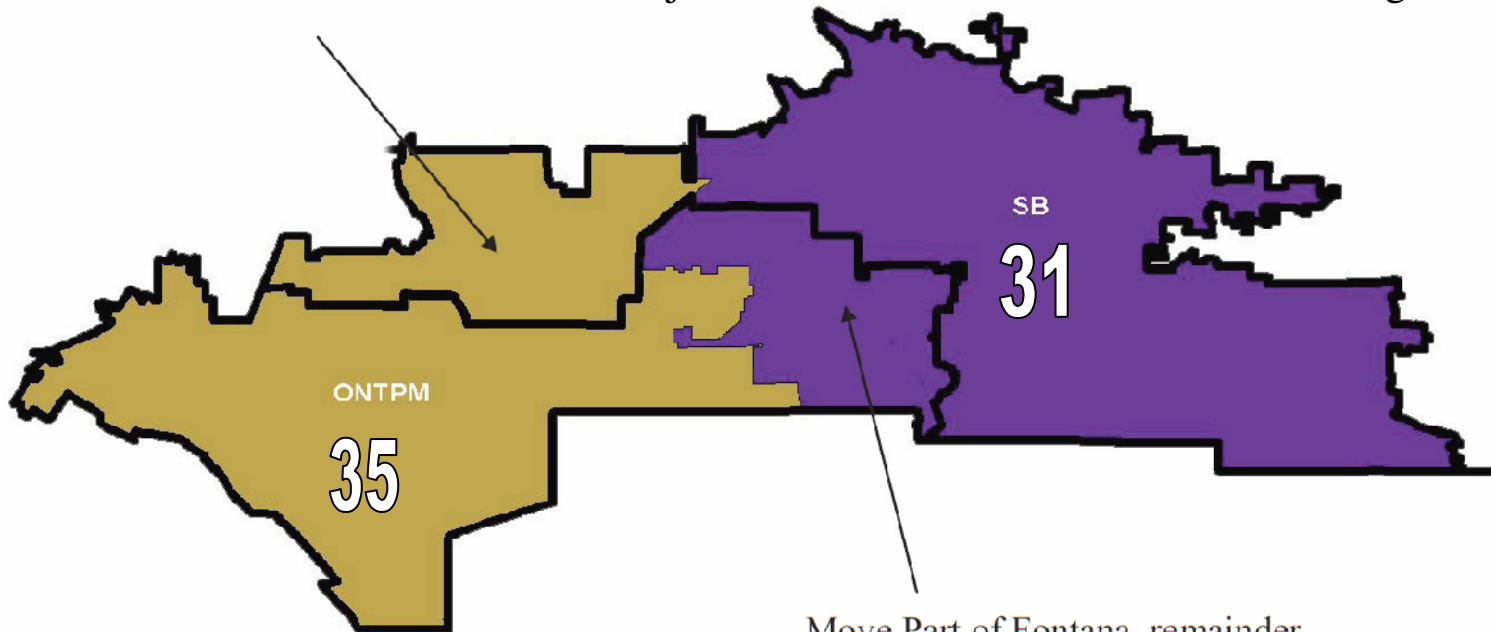

[REDACTED]
San Bernardino, CA 92404

[Adjust.CD.31.35.SBCounty.pdf](#)

Adjust the Final Draft of CD31 and CD35 of San Bernardino County

- Protects more cities under the Voting Rights Act
- Preserves and unites more Communities of Interest
- Eliminates Contiguity Issues
- Adjustments do not affect the rest of the Congressional Maps

Move Upland and Rancho Cucamonga
from SB to ONTPM 209,941 people.

Move Part of Fontana, remainder
of Rialto, and all of Bloomington
from ONTPM to SB
Switch of 209,941 people
