Subject: Redistricting plan

Message Body:

You need to leave things alone, I'm a Cypress resident and I feel that what you are trying to do will put us with Long Beach and since we are a small city, our voice will be small. You Politician need to do your job and stop trying to so call fix things, there is nothing wrong, SO LEAVE IT ALONE. We have been doing fine all this time and now you what to put your noses in something you should keep it out of. We do not want this and will fight to stop this. If you are voted in, we can vote you out. I guess you canoot find anything better to do with your time. Don't take our voice, stay out of here and leave us alone.

Subject: Redistricting

Message Body:

I am very concerned about the redistricting some of our Orange County cities with Los Angeles county cities. This does not make geographical sense and it is breaking one of the guidelines/rules of redistricting - crossing over county boundary lines.

I do not want a representative who is stretched to the limits with a district too large and wide spread to truly understand what is important to the various sections of their district - little common interests.

I want my taxes to cover and pay for the area I live in, not miles away in another county.

I adamantly object to the current plans for redistricting.

Please honor the guidelines and rules for Redistricting.

Subject: Proposed Redistricting boundary

Message Body:

As a Cypress resident for 40 years I oppose the proposal to dump Cypress into a Congressional district that crosses the Los Angeles - Orange County boundary. We fear a small city like Cypress will be drowned out by the differing interests of a much larger port city like Long Beach. We moved to Cypress, Orange County because we didn't want to live or have votes or decisions in Los Angeles County. Cypress is ORANGE COUNTY, and not LOS ANGELES COUNTY. Los Angeles can take care of their own problems. Cypress (Orange County) have enough of our own
so LEAVE US ALONE!

CC: [REDACTED]

Sirs:

I am a regitered voter an a long time resident of Cypress,California.

I have just seen the preliminary final maps for Congressional, Legislative and Board of Equalization districts.

I wish to make a comment.

The City of Cypress is a small land-locked community in Orange County California. We have been included in a Congressional district that crosses into Los Angeles County. The largest city being the Port of Long Beach.

I fear that the interests of the residents of the City of Cypress will be drowned out by the much large Port of Long Beach.

Cypress has no common boundry with the Port of Long Beach,. We are separated by the San Gabriel freeway and A large Community park (El Dorado Park).

I urge you to reconsider and possibly locate us within Orange County And our more Eastern neighbors.

I personally do not shop or have any common interests with the residents of the Port of Long Beach.

Thank You

Clyde F Timmerman

The California Citizens redistricting commission has posted preliminary final maps for Congressional Legislative and Board of Equalization districts. The City of Cypress and been dumped into congressional district that crosses the Los Angeles- Orange County boundary. This is unacceptable all importants will be placed with the city of Long Beach and Cypress will be sitting on the side line. Leave this city alone if you want to know the feelings of the citizens of Cypress with this dumb act give us a chance to vote on your planned action.

Subject: RE-districting

From: Larry Lowman <[REDACTED]>

Date: Wed, 10 Aug 2011 13:39:59 -0700

To: <[REDACTED]>

I am a citizen of Cypress for over 30 years and another 10 years in La Palma. It is unbelievable to me that anyone other than a politician would try move these small communities of different cultures, ideologies, and different voting patterns into the pool with a community of the size of Long Beach. Therefore dwarfing the needs and interest of the smaller cities. I live in Orange County. I live there because I choose to live in Orange County instead of LA county. There are a lot of reasons but the main one is the people of a small community have a say in the operation of that community through its representative. If we are gerrymandered into a district with an LA county city the size of Long Beach our identity and needs will be trivial to the representative of that district. What in the world is the reason for this action other than to shut out our community from having any voice in the needs and interest of our small blip on the map and to minimize our influence in getting the kind of representation we want in the political spectrum.

This is another reason the general public is really tired of the political system and the total disrespect from the legislators for the voting public. There are no problems in the California and the Country that were caused by anyone other than the politicians of this state and our country. I personally hope for a voters revolution soon.

Larry L Lowman

Subject: Reject the Preliminary Final State Senate Plan

From: lucia trujillo <[REDACTED]>

Date: Wed, 10 Aug 2011 19:29:24 -0700 (PDT)

To: "[REDACTED]" <[REDACTED]>

I am writing you today because I want you as a body that represents California's diversity to reject the Preliminary Final Map for the California State Senate. Based on a study by a strong group, NALEO Educational Fund, they have found that the Commission's Preliminary Final Map would diminish Latino opportunities in California's State Senate and does not provide California's growing Latino community with a fair opportunity to achieve full representation in California's democracy. As the fastest growing minority population, this move made by the Commission would be a disgrace and a step backwards when we are now becoming stronger in numbers and voices.

I am certain that you are aware that testimony submitted to the Commission on July 21, 2011, the NALEO Educational Fund outlined concerns with the Senate map visualizations. ([To view testimony click here](#)). It is absurd that you, as the Commission have not taken the appropriate and necessary steps to address these issues. I urge you to address the revelation made by NALEO Educational Fund that shows the Preliminary Final Senate map reducing the number of districts where Latinos can effectively choose their elected leaders, from six to five. As a constituent that resides in the Valley, I am concerned that Latino communities in the San Fernando Valley and Orange County would be located in Senate districts with a weaker Latino presence than their current districts. These are areas where Latinos have just started to obtain a stronger voice in California's democracy.

Our community wants the fair opportunity to elect candidates of our choice. I urge you to address these concerns and reject adopting the Preliminary Final Maps for California State Senate on Monday, August 15, 2011.

Subject: Cypress is in Orange County!!!

From: "Adrienne E" <[REDACTED]>

To: <[REDACTED]>

We are very much opposed to being lumped and dumped with the City of Long Beach in the Congressional redistricting changes. Our City is in Orange County and we would like to remain districted in Orange County.

Here is another case of manipulation by those in charge to get the votes from Long Beach and eat up the votes of the smaller cities of Orange County. You ought to be ashamed of yourselves!!! Not all the voters are dumb and stupid to not see what you are attempting!!!!!!! We are opposed wholeheartedly to your redistricting plans.

Please place Cypress, Los Alamitos and Rossmoor back to where they were or at least districted in Orange County with Orange County cities only!!!!!!!!!!!!!!!!!!!!!!!

Subject: resrestricting

From: Alberta Brose <[REDACTED]>

Date: Wed, 10 Aug 2011 14:01:28 -0700

To: [REDACTED]

I am a long time resident of the city of Cypress. It is a wonderful, small community in which to raise children (did this) and also a great place to be retired (as I am now). I have read about the proposal to include Cypress, Los Alamitos and Rossmore (Orange County cities) in with Long Beach -- a large port city in Los Angeles County.

I am highly opposed to this combination of cities. Cypress, Los Alamitos and Rossmore are small cities, highly residential, with ties to Orange County. Our needs are quite different than those of a large city, especially an important port city such as Long Beach. It would be a much better fit to include these cities with contiguous Orange County cities such as La Palma, Buena Park and Garden Grove.

Please consider carefully the impact of redistricting.

Thank you.

Alberta Brose

To whom it may Concern at the Citizens Redistricting Commission:

It has come to my attention that the California Citizens Redistricting Commission recently released their Final Drafts for maps for Assembly, Senate, Congress and Board of Equalization. I believe that the Voting Rights Act has been violated since the power of the minority group (as a majority) vote has been diluted. The cities of San Bernardino, Colton and the community of Muscoy had their clout diluted while the city of Rialto was cut in half in the congressional maps.

I fully support the adjustments in the attached map as it protects more cities under the Voting Rights Act.

Concerned Citizen,

DOMINGO RIVERA

Subject: Redistricting, Cypress into Long Beach.

Message Body:

Cypress is a small bedroom, land locked community in Orange County. The needs, concerns and priorities of Cypress do not match up to a city the size of Long Beach, which is in Los Angeles County. Cypress would be an after thought and overshadowed by this redistricting plan. Cities such as, Westminster, Los Alamitos, La Palma and Garden Grove have more in common than just being in Orange County. I feel that this is an act to silence people of the City of Cypress.

Mr Dennis J. Marinello

From: Elizabeth A. Kemp <[REDACTED]>

Subject: Cypress, Los Alamitos, Rossmoor redistricting

Message Body:

Cypress and Los Alamitos, as well as unincorporated Rossmoor, represent small town USA. These family-oriented cities make decisions based on what is best and safest for children and families. Their schools' API scores consistently reach into the highest levels. Thanks to the support of both communities through bond monies all of the schools are in the process of being renovated

Long Beach views itself as an International city and makes decisions based on what it views as politically correct, i.e. bike lanes and gay rights; while its streets are in desperate need of repair and their schools lack grass on which children can play. Long Beach's efforts center on making money, bringing in tourists (i.e. conventions and road races) and policing the unruly.

Lumping these cities together into a Congressional district will not serve the needs, desires and goals of Cypress and Los Alamitos. People in power in Long Beach are experts at pushing their own agendas over the needs of the city and wishes of the people. Their political might will overpower the interests of the smaller towns. Lastly, Cypress and Los Alamitos are in Orange County while Long Beach is in LA county with different tax bases, insurance rates and political ideology.

PETITION TO THE CALIFORNIA CITIZENS' REDISTRICTING COMMISSION

We the undersigned hereby request that the California Citizen's Redistricting Commission permit Commissioner Michael Ward file a minority report explaining his reasons for voting against the state and federal legislative districts in California.

The Commission's Code of Conduct requires commissioners to "disclose information that belongs in the public domain freely and completely." Article 21 of the state Constitution, provides in Section 2(a) that the commission shall "conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines."

These goals and criteria will not be met if Commissioner Ward is muzzled. All Commissioners should be allowed to file a full and complete minority report to the public on the Commission website and to the media.
