For the Congressional District representing Los Alamitos in Orange County (District Number unknown-not published), please respect the Orange County-Los Angeles County Boundary, and do not lump Los Alamitos and Orange County together with Long Beach and Los Angeles County. County boundaries should not be disregarded. Thank you.

Message Body:

The O.C. Register and Republican officials in Orange County are very concerned about the unusual redistricting lines in our County. That makes me exceedingly concerned as well. PLEASE take another look at how our County was divided and I believe you will see your own guidelines have been violated.

Also, I would like to know why the Commission has not been more transparent with your conclusions. I understand Commissioner Ward voted against the Commission's conclusions and has not been allowed to publish his position.

This seems outrageous to me. It is clearly a VIOLATION of everything this Commission's posted goals of wanting to eliminate political gerrymandering.

Are you aware the redistricting petition has a typo. You might want to correct it. It is the word "criteria" in the 3rd paragraph.

PETITION TO THE CALIFORNIA CITIZENS' REDISTRICTING COMMISSION

We the undersigned hereby request that the California Citizen's Redistricting Commission permit Commissioner Michael Ward file a minority report explaining his reasons for voting against the state and federal legislative districts in California. The Commission's Code of Conduct requires commissioners to "disclose information that belongs in the public domain freely and completely." Article 21 of the state Constitution, provides in Section 2(a) that the commission shall "conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines."

These goals and criteria will not be met if Commissioner Ward is muzzled. All Commissioners should be allowed to file a full and complete minority report to the public on the Commission website and to the media.

To whom it may concern; your responsibility was to see to it that all redistricting was done completely fair and unbiased/tilted toward one direction or the other. However, it has come to our attention in this household that you have as members both democrats and liberal/mid-road republicans. This is unacceptable and unfair. Please note that your 'platitudes' towards "trying to be balanced" are noted as insincere; we will do our part, if possible, to protest when we can all of this and demand that a RE-draw of all lines be done forthwith using a TRUE unbiased and fully counter-balanced board of members! Yours, James & Sheryl Kern

Message Body:

Cypress would be poorly served by redistricting to include the city with Long Beach in Los Angeles county. Keep the city in an Orange county district.
