PETITION TO THE CALIFORNIA CITIZENS' REDISTRICTING COMMISSION

We the undersigned hereby request that the California Citizen's Redistricting Commission permit Commissioner Michael Ward file a minority report explaining his reasons for voting against the state and federal legislative districts in California.

The Commission's Code of Conduct requires commissioners to "disclose information that belongs in the public domain freely and completely." Article 21 of the state Constitution, provides in Section 2(a) that the commission shall "conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines."

These goals and criteria will not be met if Commissioner Ward is muzzled. All Commissioners should be allowed to file a full and complete minority report to the public on the Commission website and to the media.

Subject: Let Commissioner Ward file minority report!

From: Karma <[REDACTED]>

Date: Sun, 14 Aug 2011 12:10:41 -0700

To: votersfirstact@crc.ca.gov

I the undersigned hereby request that the California Citizen's Redistricting Commission permit Commissioner Michael Ward file a minority report explaining and fully setting forth his reasons for voting against the new political boundaries for state and federal legislative districts in California.

Every aspect of the Redistricting process conducted by this Commission should be open to scrutiny by the public and the press. The Commission's Code of Conduct requires commissioners to "disclose information that belongs in the public domain freely and completely." Article 21 of the state Constitution, which formed this Commission, provides in Section 2(a) that the commission shall "conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines."

These goals and criteria will not be met if Commissioner Ward is not permitted to file a minority report.

This courageous commissioner must be allowed to file a full and complete minority report which must be disclosed to the public on the Commission website and to the media as soon as possible.

Karma Davis Orange County 8/14/11

Subject: redistricting

Message Body:

I strongly request that the small city of Cypress NOT be grouped with the much laarger city of Long Beach. These two cities are very different in almost every way, and I very much fear that this great little community of Cypress will be lost in the shuffle, our needs will not be met. Please do NOT let this redistricting happen. Thank You.

Subject: redistricting

Message Body:

Public comment to the Commission regarding redistricting of California. Commissions responsibility is to draw district lines in accordance to impartiality to party preference. This is NOT being done. Unfair advantage to Democrat control of all areas.

Subject: Redistricting

Message Body:

As a concerned citizen, please stop the unfair redistricting from becoming law. The redistricting favors the democrats who will use this tool to raise taxes. I am so disappointed in our leaders who can't seem to follow the laws voted on by the people, but manipulate their cause without considering the serious impact on the people.

Message Body:

I am STRONGLY OPPOSED to having Cypress (90630) being included with the Port of Long Beach under the redistricting. The needs and issues of Cypress are completely different than those of the Port of Long Beach. This would be an ineffective co-mingling of representing and addressing the needs of the residents of Cypress.

Subject: Redistricting

Message Body:

The Citizens Redistricting Commission process has gone seriously awry, hijacked by covert Democrat and leftist partisans who have violated open meeting, public records and conflict of interest laws.

Message Body:

The Orange County cities: Cypress, Los Alamitos & La Palma do not belong in the same district as the Los Angeles County city Long Beach. Not only are they in different counties, but they are totally different types of cities. Long Beach, a much larger, densely populated port city as different needs than the smaller land-locked Orange County cities.
