I've reviewed the redistricting preliminary final maps for the U.S. congressional State Senate, State Assembly and Board of Equalization districts scheduled to be voted upon for adoption 8/15/11. This letter is to inform you that it is important to me that I continue to be able to elect candidates of my choice!

I am demanding the Vermont Knolls be inclusive in the congressional district that contained the Los Angeles International Airport and other neighborhoods impacted by LAX and Torrance does not share a community of interest with Inglewood and its adjacent LAX-impacted neighbors. It is critical that the Commissioners keep together the core neighborhoods that make up the Inglewood Congressional District (newly number 32-currently known as CD 35). Thanking you for the opportunity of having my voice heard.

- Put all of Torrance and Lomita back into the former 36th Congressional District
- The South Bay Congressional District should be Westchester south only

El Segundo, Manhattan Beach, Hermosa Beach, Redondo Beach, Torrance, Lomita, Palos Verdes Peninsula, San Pedro, Hawthorne, and Gardena belong in the same district. And the Assembly District should keep El Segundo in it.

This is our community. Our personal lives, business interests, economic activity and everything else are intertwined with our neighborhood and our community.

The Commission has pretty well decided, but we want a strong protest now and letters on record for a possible lawsuit. Let's tell them exactly what we think. Let them know that you are strongly opposed to this gerrymandering and want a district with commonality.

Tell them we in the South Bay ask that you keep us together. This is very important to us. It's not about party or ideology. It's not about race or ethnic makeup. It's about our neighbors and having a representative who knows our community and can actually represent us.

We the voters have spoken and you seem to think your on your own island. Well, your not. Heed the will of the constituents or bare the consequences. And there will be consequences!

We just saw the proposed redistricting map, which basically splits the city of Torrance between two districts. This is a terrible plan and must be changed. This would cause Torrance to have two different representatives for Senate and Congress, which would significantly handicap our ability to lobby for issues that concern us. In addition, much of Torrance would be lumped with inland cities such as Compton and Hawthorne. Our community of interest is the beach cities, like Redondo Beach and Hermosa Beach, not the inland cities. Please fix this glaring error. We the undersigned hereby request that the California Citizen's Redistricting Commission permit Commissioner Michael Ward file a minority report explaining his reasons for voting against the state and federal legislative districts in California.

The Commission's Code of Conduct requires commissioners to "disclose information that belongs in the public domain freely and completely." Article 21 of the state Constitution, provides in Section 2(a) that the commission shall "conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines."

These goals and criteria will not be met if Commissioner Ward is muzzled. All Commissioners should be allowed to file a full and complete minority report to the public on the Commission website and to the media.

Given the criteria given to make these districts competitive and common, how can you sleep at night creating such a district. We in the south bay have nothing in common with Bel Air, Beverly Hills, Agura Hills and most of the cities in this district.

This district is now horrible.

Please put ALL of Torrance, Lomita back into the 36th Congressional District and make take LA out if it.

Ladies and gentlemen: It would be a disaster to redistrict the City of Torrance. It is one of the most successfully run cities in the state. Has the world gone crazy for this to even been considered?

Redistricting Committee,

I vote no on splitting Torrance. I vote to join Torrance with the beach communities district. I vote no on joining Torrance to any of the easterly communities. Thank you.

When I was in High School, I graduated in 1965, the government books showed a cartoon with the horrors of gerrymandered districts. We were told that that was during some of the corrupt times of government and that the government was now more moral and right. Now I see that the plan is to gerrymander districts to make them look even more crazy than the high school government books showed. Has the government returned to the immoral and deceptive practices that we thought were stopped?

Fix the mess. Make lines that look normal and continuous, not just continuous by tiny corridors and threads.

Stop the cheating.

Dear Redistricting Commission:

I am horrified at the idea of Torrance being divided in its representation.

We are one town and relate to our beach neighbors in our interests and concerns.

Compton and Hawthorne residents have issues and needs quite apart from Torrance residents. The representation they need and the issues that they need to deal with are different from ours in Torrance.

Actually I do not like either of the two plans offered. There needs to be a third look at the situation.

Sincerely,

Judith R. Morrow
