Subject: Senate map

Message Body:

Thank you for your hard work. Please re-consider the Senate map. The seat containing San Luis Obispo County looks horribly gerrymandered up the Monterey coastline and includes Santa Cruz. These are not communities of interest, nor does the Senate seat comply with the mandate to put two assembly seats together. Overall, the map also dilutes Latino representation.

This map will be challenged in court and likely will not withstand the challenge. The other maps are very well done, but the Senate map is unlikely to withstand legal challenge, which assuredly will come.
