California Citizens Redistricting Commission,

I recently learned. through my local paper. that my city is being divided in the congressional district. Not only has part of the city been removed from its county, I further learned that my street is divided. My neighbor across the street is in a different congressional district than I am. I am unclear how this keeps my community together. I would like to speak with one of the commissioners about the reasoning for the division. With the current information I have, I request to have all of Simi Valley placed in the same congressional district and that it further be placed in the same district as the county it resides in.

Regards,

Michelle Dearman
