Part 1.1.3

**Part 1.1.3**

August 9,2011

Dear Redistricting Commission,

I am writing this letter because I feel the redistricting lines were drawn unfairly and were politically motivated. I also want to remind the Republican Commissioners that they have a responsibility to insure fairness. If they allow our districts to be gerrymandered like they are they will be failing their mission.

I strongly feel it is wrong to deny Commissioner Ward the chance to file a "minority report" stating his reason for voting against these maps. He must be allowed to file his report so it will be part of the record.

The CRC Commissioners were selected to draw fair lines and each commissioner should have the same rights to explain their reason for voting for or against the final maps. The treatment he has been give is blatant and shows the other commission members had no intend of drawing fair lines. They only wanted to satisfy their own political views.

Thank you,  
Roseann Slonsky-Breault
