## PETITION TO THE CALIFORNIA CITIZENS' REDISTRICTING COMMISSION

We the undersigned hereby request that the California Citizen's Redistricting Commission permit Commissioner Michael Ward file a minority report explaining his reasons for voting against the state and federal legislative districts in California.

The Commission's Code of Conduct requires commissioners to "disclose information that belongs in the public domain freely and completely." Article 21 of the state Constitution, provides in Section 2(a) that the commission shall "conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines."

These goals and criteria will not be met if Commissioner Ward is muzzled. All Commissioners should be allowed to file a full and complete minority report to the public on the Commission website and to the media.

**PETITION TO THE CALIFORNIA CITIZENS'**  
**REDISTRICTING COMMISSION**

We the undersigned hereby request that the California Citizen's Redistricting Commission permit Commissioner Michael Ward file a minority report explaining and fully setting forth his reasons for voting against the new political boundaries for state and federal legislative districts in California.

Every aspect of the Redistricting process conducted by this Commission should be open to scrutiny by the public and the press. The Commission's Code of Conduct requires commissioners to "disclose information that belongs in the public domain freely and completely." Article 21 of the state Constitution, which formed this Commission, provides in Section 2(a) that the commission shall "conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines."

These goals and criteria will not be met if Commissioner Ward is not permitted to file a minority report.

This courageous commissioner must be allowed to file a full and complete minority report which must be disclosed to the public on the Commission website and to the media as soon as possible.

Dear California Redistricting Commission:

The African American residents of San Francisco's Fillmore/Western Addition are mainly working-class to low-income families who live in market to below market rate rental apartments and in cooperative and public housing. These residents and have more in common socially, culturally and economically with citizens in the eastern half of San Francisco than they do with our predominantly Caucasian and Asian neighbors in the Pacific Heights area and the Richmond and Sunset neighborhoods of western San Francisco. Yet, the proposed State Assembly restricting map, to be voted by the Citizens Redistricting Commission [on August 15th](#), threatens to divide the neighborhood, forcing half of the community to join Pacific Heights, the Richmond and the Sunset into the City's western, state assembly district, separating it from more similar communities in the east like Civic Center, Chinatown, the Tenderloin, the Mission, Protreo Hill, Bayview-Hunters Point and – worse of all - the other half of the Fillmore/Western Addition neighborhood.

While districts shall not be drawn by the Redistricting Commission to favor or discriminate against an incumbent, candidate, or political party, districts must comply with the Voting Rights Act to ensure that minorities have an equal opportunity to elect representatives of their choice and, especially in this case, districts must be drawn in a way that respect the boundaries of neighborhoods and communities of interest and minimize their division, to the extent possible.

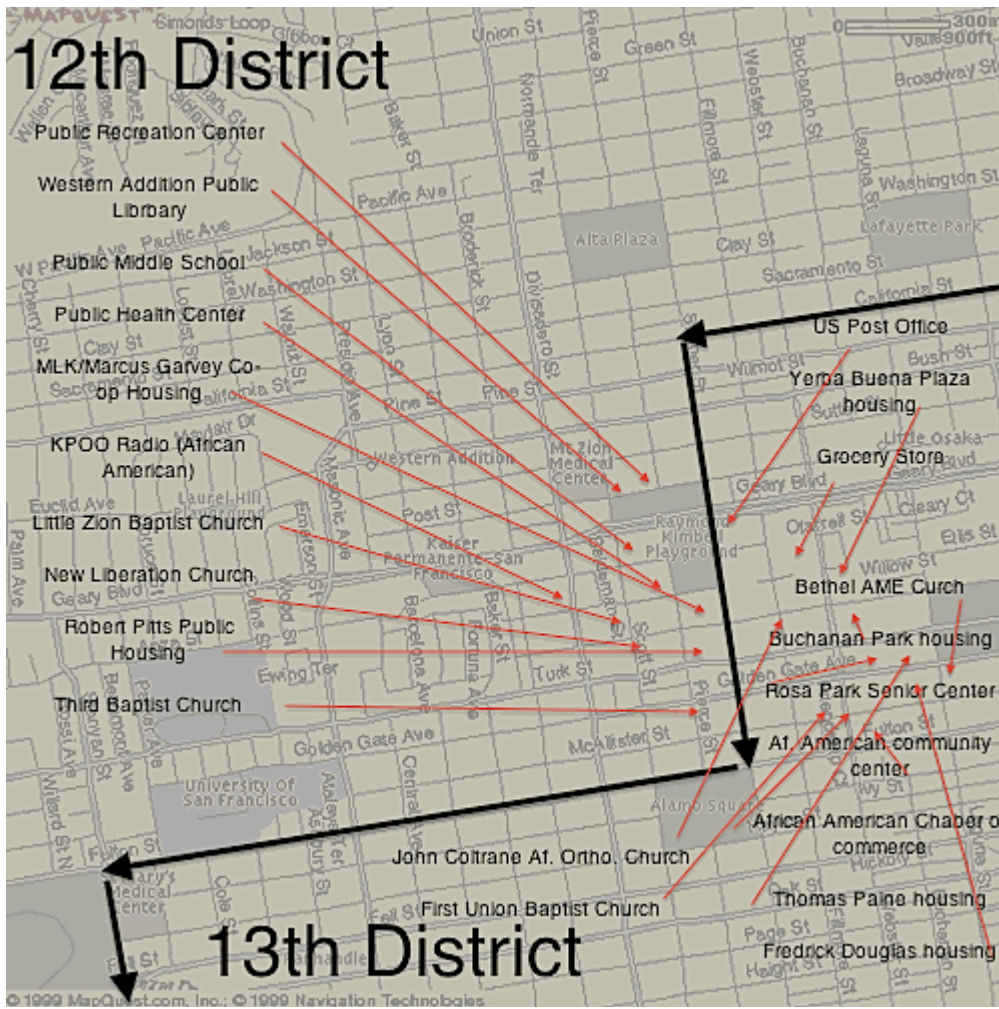

I believe that the proposed diving line at Steiner Street would divide in half a community of people with shared social, cultural, economic and political backgrounds and interests. I would like the Redistricting Committee to change the proposed redistricting boundary, between California Street and Fulton Street, from Steiner Street and make the diving line Broderick Street, a paved road where most local residents would agree that the two, not so similar communities of the Western Addition and Anza Vista neighborhoods naturally meet.

A boundary at Broderick Street will allow the homes, churches, libraries, grocery store, post office, community center and recreation spaces that are shared by the resident of this neighborhood be recognized for what they are, part of a shared community that should be included with other similar communities in the eastern half of San Francisco.

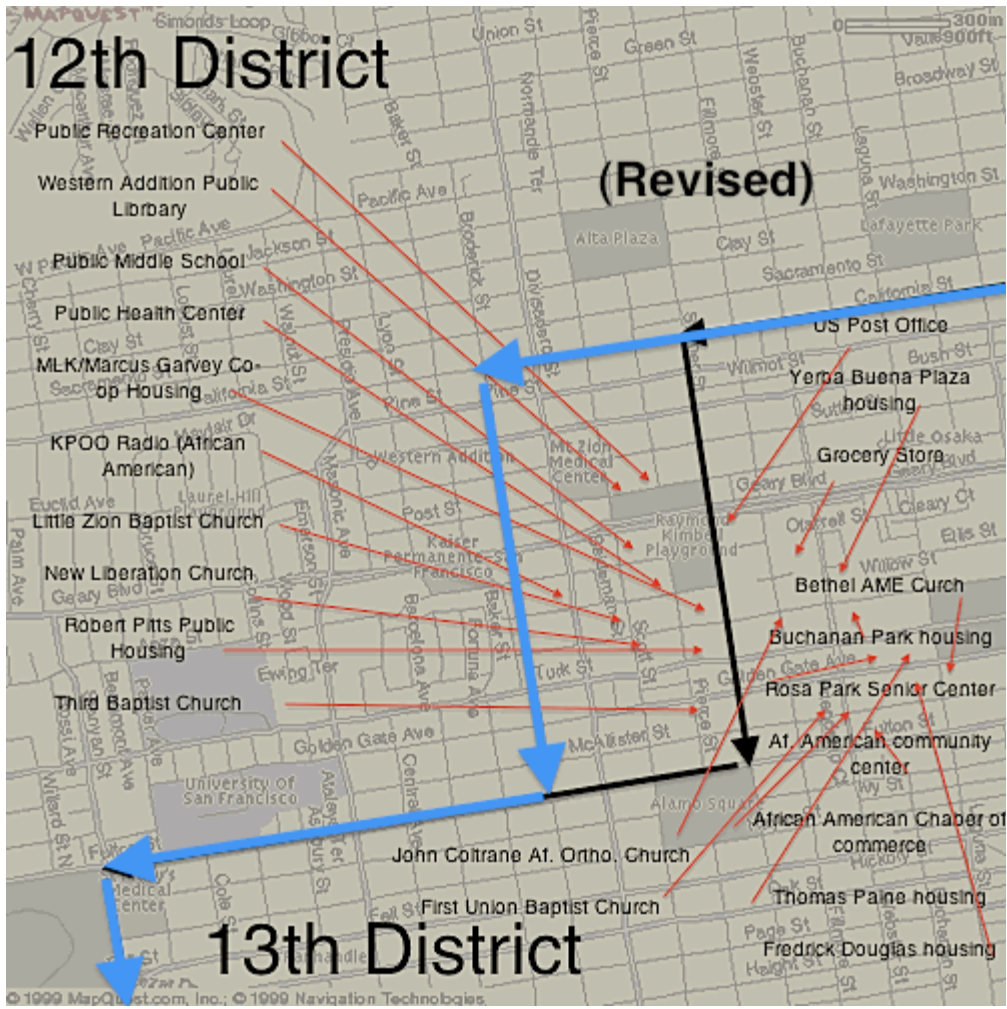

With a boundary at Broderick Street, the integrity of all our communities is better maintained and residents in the Fillmore/Western Addition can remain effective in electing leaders from the whole community who are responsible to the whole community.

Thank you for your time and consideration.
