Subject: Bellehaven - Menlo Park

Message Body:

Dear Commission,

I am concerned that the current proposal to divide Menlo Park may lead to greater division. The Bellehaven neighborhood is already separated from the core/ downtown area of MP by a large freeway, with only 2 pedestrian bridges and only 1 vehicle bridge to connect us.

Please consider which option is more politically correct: to create similarly aligned cities (economically, ethnically, etc.) within the same voting district or having a variety of communities within the same voting district. It is my belief that controversy is actually a good thing, and helpful when making difficult decisions.

Subject: Proposed congressional boundary would separate Belle Haven from the rest of Menlo Park

Message Body:

This issue of redistrict the part of the city of Menlo park is a shame. Keep Menlo Park united as a city. Do not devide a city based on racial and socio-ecomomic lines. This is a racist policy that needs to stop NOW !!! This is due to the democratic leadership who will make sure to have one message to the lower middle class by Jackie Speier and another very different message from Anna Eshoo that will be targeted to the upper middle class. In the past, Anna Eshoo had a problem because her constituents some rich , some poor, some in the middle. now with this redistricting, she will have one hat to wear instead of two. Shame on you. I have always been a democratic voter and I am certainly about to change this behavior. Vote Green.

Subject: Bellhaven - Menlo Park

Message Body:

Dear Commission,

My husband and I have lived in the Bellehaven neighborhood for just over 1 year now, and although the neighborhood may be a more similar compilation of race and economic status such as East Palo Alto, Redwood City, and San Francisco, that does not lend itself to be aligned with those areas. In fact, the goal of government is to have various factions to provide checks and balances. Therefore, we strongly encourage that the redistricting commission re-evaluate their plan to align Bellehaven Menlo Park with SF county, rather than with the remainder of Menlo Park.

This website was useful during our decision to purchase a home in this area:

<http://johnfyten.com/password%20protected%20files/Menlo%20Park%20Belle%20Haven.htm>

Thank you for your time & effort with the daunting task of redistricting.

Rachael
