Subject: Thanks for letting us have input?

Message Body:

While I appreciate what your commission has done, it is hard work, you really have let your fellow California citizens down. By not having any open meetings within a reasonable distance of people who are seriously affected by your decisions makes me wonder why you even told us about them. Did you even want input from those of us who live North of Santa Rosa? We may be smaller in number than Los Angeles or San Francisco or Sacramento, but we are still part of this state. The changes you've made, without much consideration for "us" just reinforces the feeling that Southern California will take as much as it can from Northern California with little regard for how it affects us. Keep smiling and patting yourself on the back, because you won't be getting that from many of us here.

Subject: Humboldt and Marin Counties in same dis't.?

Message Body:

It's ludicrous and irresponsible to put Humboldt and Marin Counties in same district. Humboldt loses to Marin's money and power every time on every issue. Humboldt's water resources will be stolen to water grapes and fill Marin pools and spas.

This redistricting ploy equals money, power and greed.
