Subject: keep Siskiyou County in I-5 corridor

Message Body:

The representatives we have now are the ones we want to keep. They have shown a true understanding and response to the issues we have in this county and we don't want to start all over again in trying to educate brand new legislators.

We have too many major things going on in Siskiyou County that are critical to our survival that Doug La Malfa and Jim Nielsen are helping us with up here.

Thanks!

Donald Baird

Subject: objection to current map

Message Body:

Please note how strongly most people in our county feel about retaining Siskiyou County in it's current area for our representation. The I-5 corridor is where we want to remain and I feel that our present representatives understand our needs and have worked hard to effect those needs.

Thank you.

PETITION TO THE CALIFORNIA CITIZENS' REDISTRICTING COMMISSION

We the undersigned hereby request that the California Citizen's Redistricting Commission permit Commissioner Michael Ward file a minority report explaining his reasons for voting against the state and federal legislative districts in California.

The Commission's Code of Conduct requires commissioners to "disclose information that belongs in the public domain freely and completely." Article 21 of the state Constitution, provides in Section 2(a) that the commission shall "conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines."

These goals and criteria will not be met if Commissioner Ward is muzzled. All Commissioners should be allowed to file a full and complete minority report to the public on the Commission website and to the media.
