Subject: Squigley Lines

Message Body:

I still see too much gerrymandering on these maps. The squigley lines mean to me you are favoring one party over another.

I want competitive elections. Political hacks must work for the votes, not have a district handed to them.

Straighten out those district lines.

GREAT JOB!!! Redistricting commission.

Please do not let the politicians up here try to sway you.

The maps of Northern California make sense and group communities of interest in common sense districts.

Thank you for your work!!!!

The public is being served. Not the politicians.
