PETITION TO THE CALIFORNIA CITIZENS' REDISTRICTING COMMISSION

We the undersigned hereby request that the California Citizen's Redistricting Commission permit Commissioner Michael Ward file a minority report explaining his reasons for voting against the state and federal legislative districts in California.

The Commission's Code of Conduct requires commissioners to "disclose information that belongs in the public domain freely and completely." Article 21 of the state Constitution, provides in Section 2(a) that the commission shall "conduct an open and transparent process enabling full public consideration of and comment on the drawing of district lines."

These goals and criteria will not be met if Commissioner Ward is muzzled. All Commissioners should be allowed to file a full and complete minority report to the public on the Commission website and to the media.

Subject: Southwest Alameda county

Message Body:

I live in SW Alameda county and during the previous cycle my house member has been in on the other side of the Altamont pass. (There are less than 250 people in this precinct so it should of been attached to Livermore were the school district is.)

I would use existing lines for citys and counties (geographic), school districts (geographic at a micro level), and other districts such as park, water and sewer are even more of a microcosim.
