Commission:

When the community, media, electorate refers to Torrance as a part of the "South Bay" it doesn't mean the part west of Hawthorne. As a resident since the early 80's, member of the dying aerospace industry, and long time member of the South Bay 'scene', ALL of Torrance SHOULD be of one voice! The slicing of Torrance in this manner is not in line with the continuity of its constituents.

I am in District 36 and it is not right to remove certain cities from it...no gerrymandering, please!! Torrance needs to STAY within DISTRICT 36.
