I am writing this to you to show my disagreement with your new redistricting lines as with these new lines you would be taking away Congressman Lewis away from the Apple Valley area and this would be a very Large Impact on us in the Apple Valley area.

I say this because i have been working with Congressman Lewis and his staffs both in Washington and Redlands to help those people who are being denied Disability. These people cannot afford to pay an Attorney and I have been doing these cases with the help of Congressman Lewis's staff and with very good results for the people that need the help. I provide this service to the people at no cost to them.

If Congressman Lewis is moved from our district then we would lose a very expensive asset as i would have to go through and train the new Congressman's staffs so that the people needing their disability pay to live on and so i need a staff that is aware of the proper steps needed to get the job done.

I hope this will help you to reconsider the new redistricting lines and leave Congressman Lewis in the Apple Valley area.

Thank You

I am writing to say that i am against the new redistricting as it would take Congressman Jerry Lewis out of our area after being our representative for many years. The reason for my disagreement of removing Congressman Lewis from our district is that i work with him and his staffs both in Washington and Redlands on disability cases and we have a great relationship and we know what each other needs and we have been very successful in getting the Disability for the people that require it and don't have the money to pay for a Lawyer and i do these packages for free for the people and work with his staffs and we have gotten excellent results and I don't think we could do that with a new Congressman because it would take to long for me to train the people on how we need to work these cases.

I hope this will be able to keep Congressman Lewis in the Apple Valley area.

Thank You
