Message Body:

I've been informed that the California Citizens Redistricting Commission is considering redrawing Ventura Co lines. I live in Simi Valley and STRONGLY disagree with this notion.

Subject: No Re-district without a vote

Message Body:

Please do not accept the independent re-districting to join Ventura county into LA county. We do not want to join a county that can't handle what it has. If this is up for debate put it to a vote for the people.

This is not acceptable.

Thank you.

I strongly urge you to keep Simi Valley as hole city in the redistricting considerations. Simi Valley historically has been a united city and there is no reason to divide our city. The benefit of keeping Simi Valley as a one city district is that we work better as community and not pit our neighbors against each other.

Sincerely,
Berna Arnold
Simi Valley, CA
voting citizen!

STOP THIS NONSENSE!! I deliberately left Los Angeles county. I resent your politics to change that. do you not have any sense of morality and fair practice? Or is this just another step in the destruction of the USA?

Subject: Let Simi Valley stay in Ventura County

Message Body:

Please Please let Simi Valley stay in Ventura county. Simi Moorpark and TO belong in Ventura County. The people, beliefs and climate are the same. The attraction to these cities will never be the same if they are part of LA county!!!

I'll keep this simple. Please do not put Ventura County into anything that deals with Los Angeles county. The two counties have completely different philosophies and are literally incompatible. Thank you.
