Good Morning Mr. Atkins,

Your comment has been forwarded to the Commissioners and will be posted on our website under the public comments section.

Our September 1st meeting is being held in Sacramento, California. One of our Commissioners will be on vacation in Mexico on September 1st. While she will not be able to travel to Sacramento to attend in person, she has arranged to interrupt her vacation to participate in the meeting via teleconference. She has arranged to participate from a publicly accessible location, as is required by California's Bagley Keene requirements and Citizens Redistricting Commission (CRC) policy. All locations where Citizens Redistricting Commissioners participate from are publicly accessible and noticed in advance.

Sincerely,

Christina Shupe
Senior Operations Manager
Citizens Redistricting Commission

hello,

I would like to voice my concerns about representation. I am not sure if you know about the Citizen for Fair representation law suit. I would like your committee to look at our case and see if you feel we need more representation. I am sure you will come to the same conclusion as me that we need more representation. I would like to know why your committee is holding a hearing in a another country that has nothing to do with redistricting for the state of California. Why is the residents not being allowed access to the hearing. by you having it in Mexico people don't have access to your hearing. Thank you for your consideration in this matter . best Regards, Karl K Atkins Redding CA.
