Dear Commission,

My name is Paige Pellaton, and I am a PhD candidate in political science at UC Davis. I'm e-mailing today to ask if your office has the State Legislative Block Equivalency Files for the 1981, 1991, and 2001 redistricting plans, akin to the 2018 BEFs provided by the US Census Bureau (see <https://www.census.gov/geographies/mapping-files/2018/dec/rdo/2018-state-legislative-bef.html>). If not, do you know where I might find which census blocks are housed under which state legislative districts for CA?

Thanks in advance!  
Paige Pellaton

Subject: District Lines

Hello!

I am a resident of Santa Ana with a Santa Ana address. The community college district of Rancho Santiago Community College District resides in the city of Santa Ana. I was very concerned that my ballot did NOT have the selection of the board members of RSCCD. Rather it had me vote for the South Orange Community College District which is in Irvine and Mission Viejo that are cities miles away from me. As a resident of Santa Ana, I am deeply concerned that Santa Ana residents aren't fully able to elect positions of leadership for the college district that directly affects me and my neighbors. The district lines should include all of the city of Santa Ana. Will these district lines be reviewed?
