This is by no means an exhaustive list. Please be prepared to discuss these ideas add your own. Just an FYI, our meetings cost approximately \$2,400 per hour.

General Meeting Procedures

1. General Public comment will generally be taken at the beginning, after lunch and at the end of each meeting day.
2. Each speaker will begin by providing context for their agenda item prior to discussing the details of that item
3. Pre reads and handouts will generally be submitted to staff sufficiently early to allow them to be distributed at least two business days ahead of a meeting. Items that are drafts will be marked as such.
4. During meetings, the commission will communicate requests to the staff through the Chair
5. Staff will create, distribute and post to the web site a brief summary after the completion of each meeting that will include:
 - a. All actions taken
 - b. ~~Topics discussed~~

 - d. ~~Dates and times when an agenda item was discussed~~
 - e. ~~Edits by Commissioners will be returned within three business days after the initial draft is distributed. Tabled for now~~
6. Minutes for closed session will be taken and reviewed for comments by the commissioners.

- No – do not support motion
- Pass – wait until the end to either vote or abstain

Voting Processes

- Alphabetical starting after the Chair

Invited Speakers

1. Add names and times to agenda as far ahead of the start date as possible
2. Chair will attempt to schedule speakers at the start of each session after public comments or after lunch/breaks so that our guests do not have to wait through a break during their scheduled time.

Chair Responsibilities

- Create an agenda for the meetings they will chair
- Run meetings
- Providing signatures and approvals during their tenure as chair
- Schedule social gatherings
- Commissioners will chair two sequential meetings

Managing Discussion

1. Allow each chair the opportunity to manage the meetings according to their personality
2. Allow generally five minutes per subcommittee report. Deeper discussions please notify the chair to help plan for that.
3. Place durations on individual agenda items to serve as a guideline.
4. Setup a timer on the screen so everyone knows how long items are taking
5. Allowing everyone a chance to speak once before anyone goes twice
6. Limit discussion duration to X rounds with Y minutes in the first round and Z minutes in subsequent rounds. This could be waved for decisions like hiring
7. Allow Chair to moderate discussion by allowing follow-up on a comment/topic brought up by one commissioner before moving to the next commissioner in the queue who is bringing up a different comment/topic
8. There have been times where we have held a long, intense discussion and then we all voted yes on the motion. Is there a way to ensure everyone gets to be heard and to expedite the decision making process? Is there a way to indicate how we are leaning on a given motion?

Rules of Order

While there is no requirement for the Commission to use Roberts Rules of Order, the following modified Rules of Order adopted while choosing the next six. We have been following these rules for the most part. Do we want to formally adopt some version of Robert's Rules of Order or some other set of rules?

1. Commissioners may raise a hand instead of standing to be recognized, and may remain seated when making a motion or speaking;
2. Commissioners may speak any number of times on a question (instead of only twice), except that regular rules apply to appeals;
3. A motion does not have to be pending in order to discuss a subject informally;
4. In putting questions to a vote, the chair need not stand;

5. The chair can participate in debate just as any other commission member and can make motions and vote.

Would the Commission like to adopt a set of Ground Rules? We have will have a Code of Conduct policy. Does that adequately cover the ground rules? Some ideas are listed below.
