I. PURPOSE AND DESCRIPTION OF SERVICES

In this Request for Proposals (RFP), the California State Auditor (State Auditor) solicits qualified firms to provide line drawing, and technical services on behalf of the 2020 Citizens Redistricting Commission (Commission). The services will be used by the Commission to develop district lines in conformity with strict, nonpartisan rules designed to create districts of relatively equal population that will provide fair representation for all Californians.

1. The State Auditor's role in this process is limited to conducting this solicitation in accordance with applicable law.
2. The State Auditor will collect and maintain all proposals until the Proposals Due date, unless otherwise indicated.
3. The State Auditor will release the unopened Proposals to the 2020 Commission once it is fully formed, no later than August 15, 2020.
4. The evaluation of Proposals and any award for services will be performed by the 2020 Commission.

A. Background

In a process known as redistricting, the State adjusts the boundary lines of districts once every 10 years following the federal census for the California Senate, Assembly, Board of Equalization districts, and Congressional districts for the U.S. House of Representatives.

1. The Voters FIRST Act, approved by voters November 2008, shifted the responsibility for redrawing the political boundaries for California Senate, Assembly and Board of Equalization districts from the State Legislature to the Commission. The Voters FIRST Act for Congress, approved by voters November 2010, added the responsibility of drawing Congressional districts to the Commission. The California State Legislature passed Assembly Bill (AB) 420 (2011) and AB 1986 (2012) further requiring the inclusion of state adult correctional inmate information into the population data used in the line drawing.
2. The Commission must hold public meetings and accept public comment prior to, and following, the drawing of maps for California's Congressional, State Senatorial, State Assembly, and Board of Equalization districts. Upon completion of the public meeting process, the Commission must vote on the new district maps to be used for the next decade.
3. The Commission must issue, with each of the four (4) final maps, a report that explains the basis upon which the Commission made its decisions in achieving compliance with the criteria listed in State law, and includes definitions of terms and standards used in drawing each final map. Completed district maps and the

accompanying reports must be submitted to the California Secretary of State's Office no later than August 15, 2021¹.

B. Statement of Work

Proposers must provide information that enables the Commission to substantiate that the Proposer has the minimum skills, experience and resources, to successfully accomplish the services required by this RFP. The prospective Contractor will provide technical services, census and geographic database for redistricting, and meeting services to the Commission and the Commission's attorneys and other contractors as directed by the Commission.

1. Technical Skills

The Contractor will use computerized geographical information systems (GIS) software and a redistricting database containing population data and digitized maps to assist the Commission in the following:

- a. Evaluate the movement of census geography units into and out of proposed election districts.
- b. Produce the maps that reflect proposed districts and the final districts, as determined and directed by the Commission.
- c. Provide all necessary computerized equipment required to house and utilize the redistricting database.
- d. Assemble the redistricting database as specified in Paragraph B. 2 Redistricting Database.
- e. Document the Commission's instructions throughout the development of the maps sufficiently to allow the Commission to track changes and draw comparisons between any iteration developed by the Commission during the process of line drawing.
- f. Integrate public testimony as related to any corresponding draft and final maps, including communicating to the Commission how these integrations are reflected in the draft and final maps, and into the final report as required in Paragraph C. 8, Final Map Report.
- g. Respond to Commission requests to provide services to the Commission's legal counsel, contractors or staff, as directed, including technical services and drawing alternate maps.
- h. Produce, digitally store, project maps and the line drawing on-screen or transmitting a clear image (for audience viewing), and later print all maps, as required by the Commission.

¹ Because U.S. census data delivery to states will likely be delayed due to COVID-19, the Commission's deadlines for submitting the proposed and final maps may be extended to December 15, 2021. See California Supreme Court Case Number 522530.

- i. Other work as necessary to accomplish the work and comply with legal requirements.
2. Geographic Database for Redistricting
 - a. Redistricting Database: The Contractor must use certified population data from the 2020 US Census for the State of California, including the population subgroups of California as enumerated by the 2020 US Census data. The 2020 Census Data used shall be that of the California Statewide Database located at the University of California, Berkeley, School of Law.
 - b. The population data will consist of the certified 2020 US Census data for the State of California, including the population subgroups of California as enumerated by the 2020 US Census data. The population data will also include state adult correctional inmate information as required and specified by AB 420 (2011) and AB 1986 (2012). In addition, the Commission may also use adjusted 2020 census data for analysis.
 - c. The geographic data will include digitized maps showing the boundaries of the census geographic units for which the population statistics are available (i.e., census block through county level), as well as the physical geography and relevant built environment (city boundaries, streets and highways, etc.) throughout California. Voting and elections data associated with the district(s) will be included in the database so it is available, if required by the Commission, to demonstrate compliance with the Federal Voting Rights Act of 1965.
 - d. The Commission, at its sole option, may either: (1) provide for a separate contractor to provide the precinct level voting data and elections data associated with the district(s) to assist in performing any required studies (racially polarized voting analysis, for example), or (2) request the Contractor to perform the analysis.
 3. Public Meetings: The Contractor will provide public meeting services as follows:
 - a. Public input meetings (hearings for both pre and post maps visualizations).
 - b. Commission meetings.
 - c. Provide all equipment necessary to draw the maps reflecting the stated concerns and interests of the public participants.
 - d. Provide the coding for each corresponding map, either submitted by the public or developed during the meeting, to describe the stated concerns and interests of the public participants.
 - e. Provide the coding for all public testimony related to any draft map developed during the meeting so it can be later aggregated and collated to the specific district(s) in question.

- f. Produce, digitally store, project maps and the line drawing on-screen or transmitting a clear image (for audience viewing), and later print all maps, as required by the Commission.

Any request for a written or verbal report must be responded to within twenty-four (24) hours of the request.

8. Final Map Report

The requirements include the ability to reliably hear and document the Commission's instructions and public testimony, and the ability to transmit the line drawing occurring at the Contractor's worksite with sufficient clarity to allow the Commission and public to view the effects of changes on their "home" screens, in real time. Section III, Paragraph F, Table 3.
- b. Should the Commission desire, there may be occasions when simultaneous meetings will occur at different locations around the State. The Contractor must have the capacity to accommodate simultaneous meetings.

2. In-Process Review. The Commission may, at its sole discretion, assign an individual, individuals, or entity to provide an independent evaluation of any map and/or report being submitted by the Contractor to the Commission for its consideration and approval. The individual, individuals, or entity will be considered a separate consultant to the Commission and the Contractor must provide unfettered access to any completed map and/or report and their respective supporting documentation during any phase of the redistricting process. This includes any and all data at any level being used by Contractor to construct a district boundary.

II. QUALIFICATIONS AND EXPERIENCE

Proposers must provide information that enables the Commission to substantiate that the Proposer has the minimum skills, experience and resources to successfully accomplish the services required by this RFP.

The Contractor will use computerized geographical information systems (GIS) software and a redistricting database containing population data and digitized maps to assist the Commission.

A. Project References

1. Provide the name, location, and start and end dates for two (2) “reference” redistricting projects with districts and/or agencies that the Proposer has successfully performed services for within the past fifteen (15) years.
2. For each reference project, provide a contact name, address, and phone number for a principal member of the reference project. The contact person must be an individual in a senior capacity who was directly involved in drawing the lines and must be available by phone for two business days after the Proposal opening.

B. Project Size, Scope, and Complexity

1. The references must be for projects that are of a similar size, scope, and complexity as those found in California’s most populous cities².
2. Table 1 will be used as the reference cities in evaluating the comparability of the population and Table 2 describes the racial/ethnic diversity of the cities³.

Table 1. City Population

City	2020 Population
Los Angeles	4,010,684
San Diego	1,430,489
San Francisco	897,806
Sacramento	510,931
Bakersfield	392,756

² Based on the January 2020 California population estimates from the [California Department of Finance](#)

³ Based on 2010-2019 ACS data from the [U.S. Census Bureau](#).

Table 2. Racial and Ethnic Diversity

City	Hispanic or Latino	Not Hispanic or Latino	Not Hispanic or Latino: White	Not Hispanic or Latino: Black	Not Hispanic or Latino: Asian
Los Angeles	48.6%	51.4%	28.5%	8.9%	11.6%
San Diego	30.1%	69.9%	42.9%	6.5%	16.7%
San Francisco	15.2%	84.8%	40.6%	5.2%	34.2%
Sacramento	28.7%	71.3%	32.5%	13.4%	18.9%
Bakersfield	49.5%	50.5%	33.5%	7.4%	7.3%

3. To be deemed comparable, the Proposer’s redistricting projects must consist of the following for each of the project references (based on the time the redistricting services were provided):
 - a. Population within 15% of any of the cities in Table 1. Example: values between 4,612,287 and 333,843 will be deemed comparable to a table value, above, of 4,010,684 and 392,756.
 - b. Racial and ethnic diversity of the population \pm 5% of the values for the racial/ethnic groups who make-up any of the cities in Table 2. Example: values of 35.1% - 25.1% will be deemed comparable to a table value, above, of 30.1%.

Example:

A redistricting project completed for Stanislaus County in 2011 would be deemed comparable as the population and racial and ethnic diversity values from 2011 are within the 15% range of population values and \pm 5% of the race/ethnicity values found in the above reference tables.

Stanislaus County population in 2011: 517,560

Table 3: Percent Racial and Ethnic Diversity in 2011

County	Hispanic or Latino	Not Hispanic or Latino	Not Hispanic or Latino: White	Not Hispanic or Latino: Black	Not Hispanic or Latino: Asian
Stanislaus	47%	53%	41.1%	3.5%	6.1%

4. The Proposer must provide a description of how the above two factors were addressed when boundary lines were being drawn and the Contractor’s contribution to resolving any issues resulting from the prospective boundary lines, including whether Voting Rights Act Section 2 or 5 criteria impacted the line

drawing and if so, the involvement of the Proposer in determining where the line should be drawn.

C. Proposer Presentation

The Commission may require Proposers to submit additional information and/or make a public presentation to the Commission. The date and place of the presentations will be communicated to the respective Proposers and made available to the public. Failure to submit the required information or to appear for a presentation as specified by the Commission, if any, will be grounds for rejection.

D. Confidentiality

1. The Proposals and process are **not** confidential as State law requires that the Commission's work remain open to the public, including compliance with the Bagley-Keene Open Meeting Act and the California Public Records Act. It is anticipated that all Proposals received will be posted to the Commission's website and will be reviewed and discussed in open session during a public Commission meeting. The Commission, at its discretion, may live stream the meeting and/or make transcripts of the meeting available to the public.
2. The Commission appreciates a proposers' desire to treat certain documents as confidential. 4. Producing, digitally storing, projecting maps and the line drawing on-screen or transmitting a clear image (for audience viewing), and later printing all maps, as required by the Commission.

Proposers are required to submit a Final Cost based on the total cost of public input meetings, the Commission meetings and technical services. Each of the three services are calculated by the Fixed Cost and the Optional Cost. The Fixed Cost is the sum of all costs associated with the provision of services as required by this RFP, and may include, but not be limited to, items such as clerical support staff, materials and supplies or reproduction. See **Attachment E Cost Proposal Worksheet** for further details. The Optional Cost is the sum of all costs associated within each of the three service sections described below, and account for optional scenarios the Commission may encounter.

The anticipated timeframe for the Commissions’ public input meetings and Commission meetings in execution of these costs is in Table 2.

The general process for evaluation shall be made in accordance with Public Contract Code requirements. The narrative proposals are reviewed and evaluated for compliance with format, content, and qualification requirements. The narrative proposals that are responsive to the RFP requirements will have their sealed cost proposals publicly opened and read.

Following the opening and reading of the cost proposals, the Commission will apply any applicable incentive and adjust the cost proposal. Reference Section IV Preference Program. The award is to the responsible proposer offering the lowest cost for its services. The specifics for this process are as follows:

- a. The Commission will post a public notice on its website. Proposers will also be notified by email of the date and time the Proposals will be opened and read.

The results of the evaluation will be presented to the Commission in open session and posted on the Commission website.
 - (iii) Qualified proposals that are responsive to the RFP requirements will have the Cost Proposals publicly opened and read by the Commission. The

Costs Proposal will remain confidential until this time, but will be posted to the Commission's website once this discussion begins.

(iv) Following the public opening and reading of Cost Proposals, the cost proposals will then be adjusted for applicable incentive as provided for in Section IV Preference Program. The Commission will then determine the lowest responsible proposal meeting the RFP criteria. The Commission will comply with the requirements of the Bagley-Keene Open Meeting Act and California Government Code Section 8253 regarding this RFP and the contract award.

K. Award and Protest

1. Notice of the proposed award shall be posted in a public place at the Commission's offices and on its website at least five (5) working days prior to awarding the agreement.
2. If any Proposer prior to the award of the contract files a written protest with the Department of General Services (DGS) and the Commission on the grounds that the protesting Proposer is the lowest responsive responsible Proposer qualifying for award, the contract shall not be awarded until either the protest has been withdrawn or DGS has resolved the matter. The initial protest must be filed with the Department of General Services, Office of Legal Services, 707 Third Street, 7th Floor, Suite 7-330, West Sacramento, CA 95605.

M. Agreement Execution and Performance

1. Service shall start no later than 5 days, or on the express date set by the Commission and the Contractor, whichever is sooner, after all approvals have been obtained and the agreement is fully executed. Should the Contractor fail to commence work at the agreed upon time, the Commission, upon five (5) days written notice to the Contractor, reserves the right to terminate the agreement. In addition, the Contractor shall be liable to the State for the difference between Contractor's Proposal price and the actual cost of performing work by another contractor.
2. The term of this Agreement begins on the date as indicated on the Standard Agreement (STD. 213) through April 30, 2022. The Agreement may be amended as required to ensure all services will be rendered by the Contractor, including litigation support.
