## CRC Chair Rotation Policy - Changing Options (12/22/20)

We currently have 12 commissioners in the rotation: 5 Rep, 4 NPP, 3 Dem (Sadhwani late May or later)
Problems: 1. Keeping political representation even makes the workload uneven (some will chair 2 x before others have chaired 1 x )
2. With the current policy, almost all Chair + VC pairs have ended up single-gender (8 of 9 so far!)

After Le Mons + Taylor, then Taylor + ...
